BACK UNFOLDED

The back view of the Eliko K10 Tag v5.0 shows a green PCB with various components. A white battery is connected to the PCB via a yellow ribbon. A small circular antenna is visible at the bottom. The PCB is populated with numerous surface-mount components, including resistors, capacitors, and integrated circuits. A QR code is visible on the top right of the PCB. The text "eliko K10 Tag v5.0" is printed on the top right of the PCB. A ruler is visible at the bottom of the image, indicating the size of the device.
