

Manual

Partial View

1. Short press to play previous song, long press for volume down.
2. To play/Stop playing music;
3. Short press to play next song, long press for volume up.
4. Long press to Power on/off.

5. Bolt hole
6. Bracket to connection
7. The power cord, red line connection 12 V+, white line connection 12 V-

Usage

Most importantly: Connect the power cord correctly to switch on the speaker.

Play via Computer:

Activate Computer's Bluetooth (if the computer does not have built-in BT, plug on a BT adapter, also need extra BT driver.) - Turn speaker to pairing mode (Blue light flashing quickly) - Search "Dometic BT" - Pairing - Connect and Play.

Play via Mobile phone:

Activate Mobile phone's Bluetooth - Search Find "Dometic BT" - pairing - Connect and play

Parameter

Bluetooth Version: V3.0

Bluetooth transmission power: CLASS2 4dBm

Bluetooth working frequency: 2.4GHz

Working voltage : DC 12V

Bluetooth range : 10-20m

Loudspeaker size: 40MM , 4Ω3W

Unit weight: : 102g

Product size: φ63*85mm

Troubleshooting

1. Bluetooth is a bidirectional transmitting protocol; transmitting distance is highly related to audio player. Compatible BT players are recommended.
2. Some terminal players are without automatically switching play function. In this case, POP noise will exist in the interval of every 2 songs.
3. When BT transmitting devices cannot be connected, please delete the rest BT receiving devices name on the list. Re-activate Lepa, re-searching and re-pairing.
4. The sound performance could also be affected when BT transmitting devices are under poor signal environment, or under low battery capacity.

Federal Communications Commission (FCC) Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by Chongqing Rebo Lighting&Electronics Co.,Ltd. may void the FCC authorization to operate this device.

Note: The manufacturer is not responsible for any radio or tv interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.
