

Product Function:

1. Display online/local Videos, Photos, Audio
2. Supports Network for streaming, Bluetooth for transferring documents
3. Supports third party Apps for work (Excel, PPT, Word, etc), entertainment purpose (Youtube, Facebook, Twitter etc.,)
4. With 5V 3A DC power
5. Supports HDD up to 2TB and USB Flash up to 128G

Product Input ports:

1. 4USB slot
2. 1TF card slot
3. 1Audio port
4. 1HDMI output
5. 1DC port
6. 1Optical port
7. 1RJ45 Lan Port
8. 1Antenna

Operating Instruction

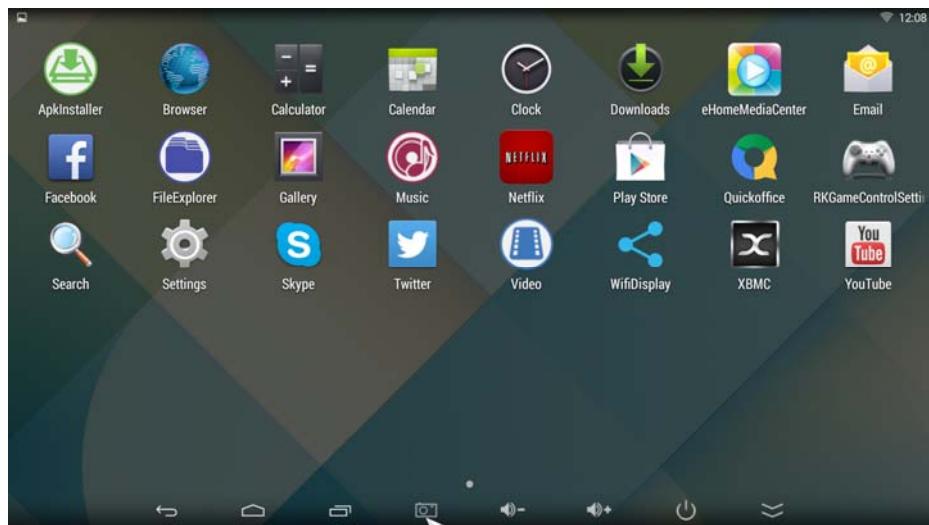

Power on the Device—turn on your TV, connect device to your TV with HDMI cable, select source of the HDMI mode.

| Wifi | 2.4G/5G Wifi |
| Rj45 | Connection the wire network |
| Audio Optical | Supports Audio optical output |
| Remote control | Support IR remote and 2.4G Wireless remote |
| AV Out | Support AV out |
| Voltage parameters | 5V-2.5A DC |

Warning:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE: This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter

RF Exposure Statement

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 20cm the radiator your body. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter
