

trademark: 

model: RL863

Rated input voltage: 5V DC

current: 0.095A

Micropower Reader

FCC ID: 2AFI8-RL863

IC: 26251-RL863

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

MANUFACTURER :Guangzhou Andea Electronics Technology Co., Ltd.
