

WATTS  
MODEL: WC012  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V ~ 50/60Hz  
1.5A - 0.7A  
LAMP: T7402146

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

WATTS  
MODEL: WC016  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V ~ 50/60Hz  
1.5A - 0.7A  
LAMP: T7402147

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

WATTS  
MODEL: WC020  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V - 50/60Hz  
1.5A - 0.7A  
LAMP: T7402148

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

WATTS  
MODEL: WC025  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V - 50/60Hz  
1.5A - 0.7A  
LAMP: T7402148

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

WATTS  
MODEL: WC040  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V - 50/60Hz  
1.5A - 0.7A  
LAMP: T7402150

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

WATTS  
MODEL: WC050  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V - 50/60Hz  
1.5A - 0.7A  
LAMP: T7402151

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

WATTS  
MODEL: WD012  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V - 50/60Hz  
1.5A - 0.7A  
LAMP: T7402146

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

WATTS  
MODEL: WD016  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V - 50/60Hz  
1.5A - 0.7A  
LAMP: T7402147

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

WATTS  
MODEL: WD020  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V - 50/60Hz  
1.5A - 0.7A  
LAMP: T7402148

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

WATTS  
MODEL: WD025  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V ~ 50/60Hz  
1.5A - 0.7A  
LAMP: T7402148

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

WATTS  
MODEL: WD040  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V ~ 50/60Hz  
1.5A - 0.7A  
LAMP: T7402150

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

WATTS  
MODEL: WD050  
FCC ID: 2AFJT-SMARTSTREAM  
IC: 20623-SMARTSTREAM

INPUT: 100-240V ~ 50/60Hz  
1.5A - 0.7A  
LAMP: T7402151

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation
