-
01. Audio Output Power: 2 x 3W
 02. Frequency Response: 70Hz-18KHz
 03. Maximum SPL: 60db
 04. Volume: Long press the bottom.
 05. Bluetooth Version:3.0+EDR
 06. Operation Range: 10M
 07. Connecting Cable: 3.5mm stereo audio cable
 08. Battery Type: Lithium(built-in)3.7V 1800mAh
 09. Working Time: 4 hours
 10. Charge Time: 2 hours (Indicator light goes to red when charging, and turns to green when fully charged)
 11. Power: DC 5.0V/1A

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.
