

FCC ID & IC LABEL FORMAT AND LOCATION

Applicant: IDY Corporation.

FCC ID: 2AG2HIR700B-WW

IC: 21068-IR700BWW

Model: iR700B-WW	Product S/N:										
Color: White	Ethernet MAC:										
Input: DC5V 3A											
<table border="1"><tr><td>Default</td><td>192.168.1.1</td></tr><tr><td>User</td><td>: admin</td></tr><tr><td>Password</td><td>: admin</td></tr><tr><td>SSID</td><td>: iR700B</td></tr><tr><td>KEY</td><td>: None</td></tr></table>	Default	192.168.1.1	User	: admin	Password	: admin	SSID	: iR700B	KEY	: None	WiFi MAC:
Default	192.168.1.1										
User	: admin										
Password	: admin										
SSID	: iR700B										
KEY	: None										
FCCID: 2AG2HIR700B-WW											
IC: 21068-IR700BWW											
Contains FCC ID: RI7LN930											
Contains IC : 5131A-LN930											
Distributed by Systema America Inc. Manufactured by IDY Corporation											
※The MAC address for when multiple interfaces are installed will be the sequent number from above Made in Japan											

208-140077
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
