

## ! IMPORTANT:

The product is powered by electricity. In order to avoid burns, fire and electric shock, please read the instructions carefully. Failure to read, thoroughly understand, and follow all instructions can result in serious personal injury, damage to equipment, or voiding of factory warranty. Should you ever have any questions or feel you require help please contact your place of purchase for assistance.

### ■ Instructions of Safety and Warnings

- Make sure that the mounting surface is strong enough to handle mounted product and equipment.
- **DO NOT EXCEED MAXIMUM LISTED WEIGHT CAPACITY.**
- Always be sure to have someone assist you or a mechanical device to lift and position heavy products safely.
- Tighten screws firmly, but do not over tighten. Over tightening can cause product damage that greatly reduces the holding power.
- Keep a clear area and distance from moving parts when using the product.
- Use only as intended. Never stand, hang or climb on the product.
- This product is intended for indoor use only.
- Any attempts to reconstruct the construction or alterations of the given power unit and control box aren't allowed.
- This product may contain small items that could be a choking hazard if swallowed. Keep children away unless the product is intended for their use and all instructions and manuals are fully reviewed and understood by them.
- Check that the product is secure and safe to use at regular intervals (at least every three months).

### ■ Other Cautions

Don't clean the product with water while the power is still connected.

Don't disassemble or replace components while the power is still connected.

Never operate the system with a damaged cord or plug.

Never operate the system if it's in moist environment or its electrical components have contact with liquids.

If the control box makes unusual noise or smells, switch off the mains voltage immediately.

**Disposal:** The product with this mark indicates that this product shouldn't be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the local recycle service or contact your point of purchase to withdraw the product.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference and 2) this device must accept any interference received, including interference that may cause undesired operation.

Federal Communications Commission (FCC) Statement 15.105(b): This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Compliance statement 15.21: You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

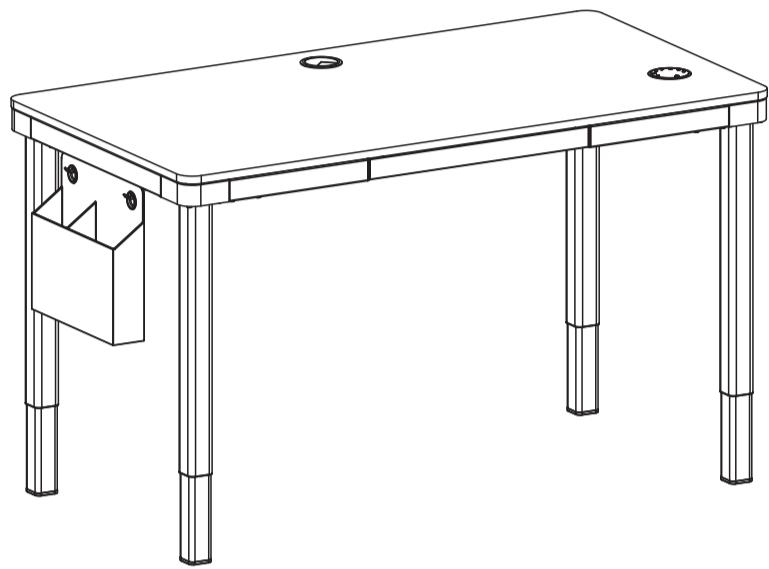

FCC RF Radiation Exposure Statement:

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2. The Transmitter shall always be installed ensuring a minimum separation distance of 20cm between the antenna and the user.

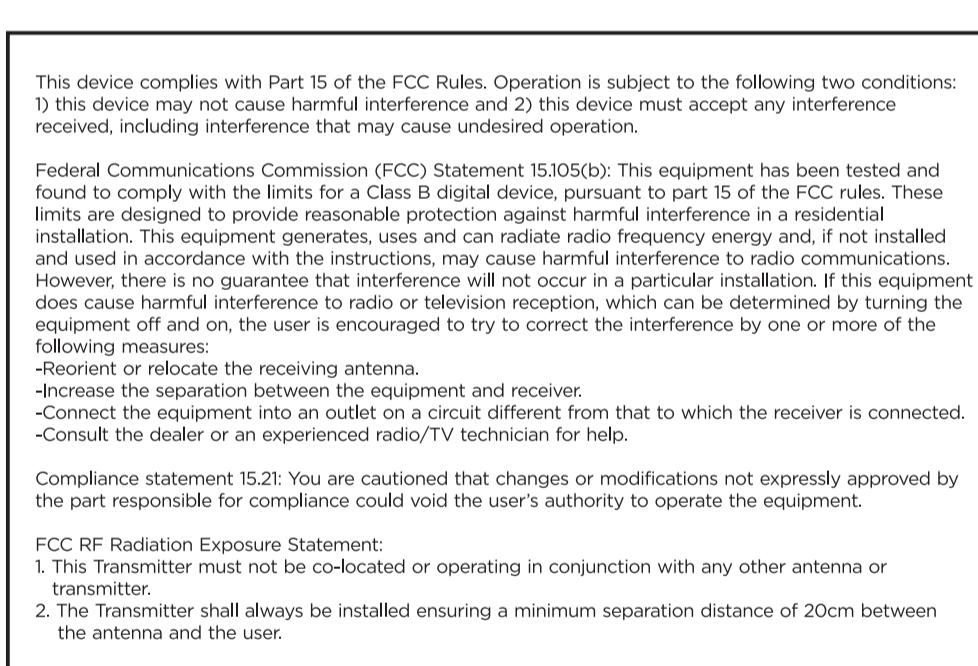

# FOUR-LEG ELECTRIC SIT-STAND DESK

## Instruction Manual

**M13-42R-B**

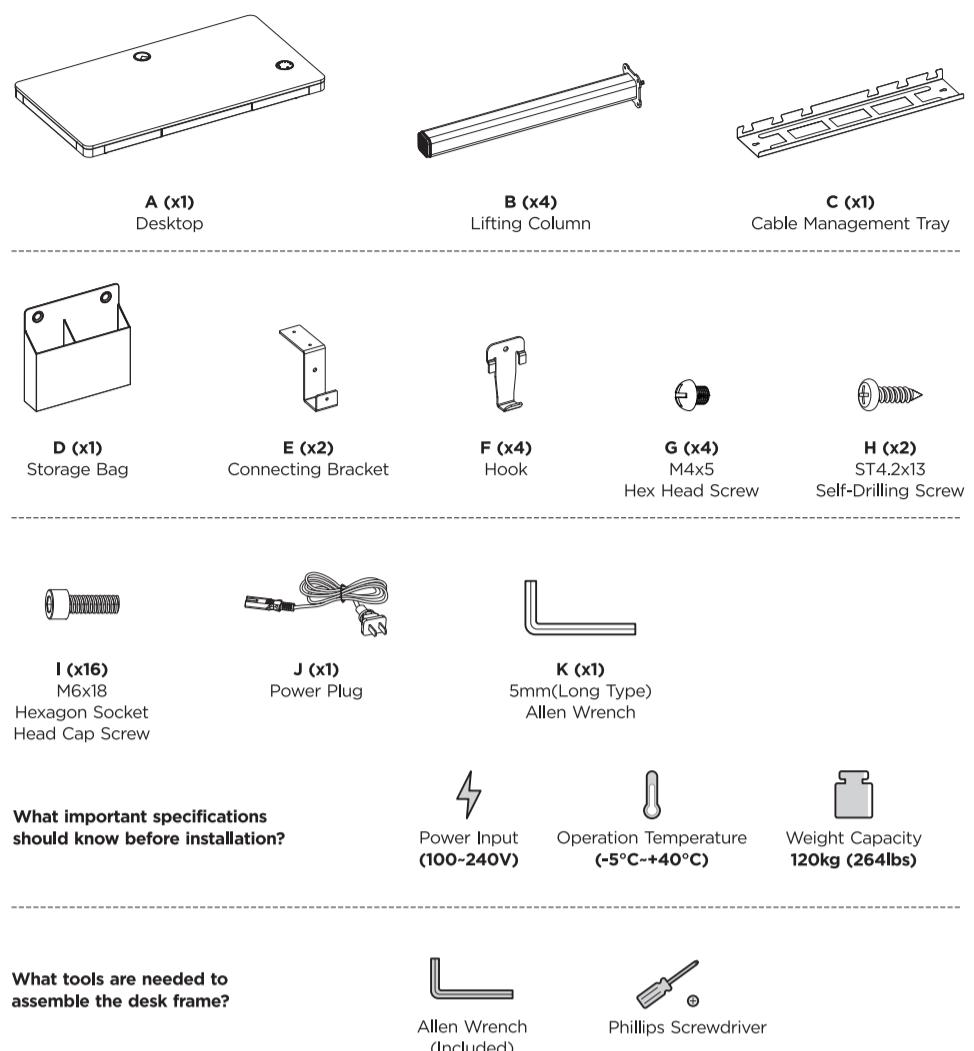

RF output power (ERP/EIRP):15W  
Frequency band (MHz):110-150KHZ

## Checklist and Installation

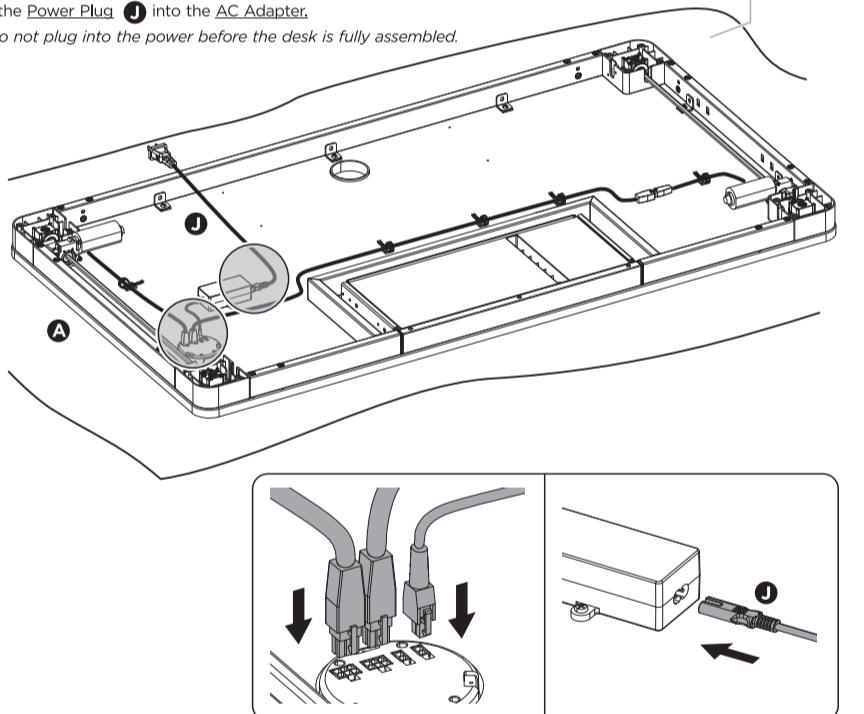

Please check all of the components shown in the component checklist. If any of the components are missing or damaged, contact your point of purchase for a replacement.

### 1. Connecting Cords

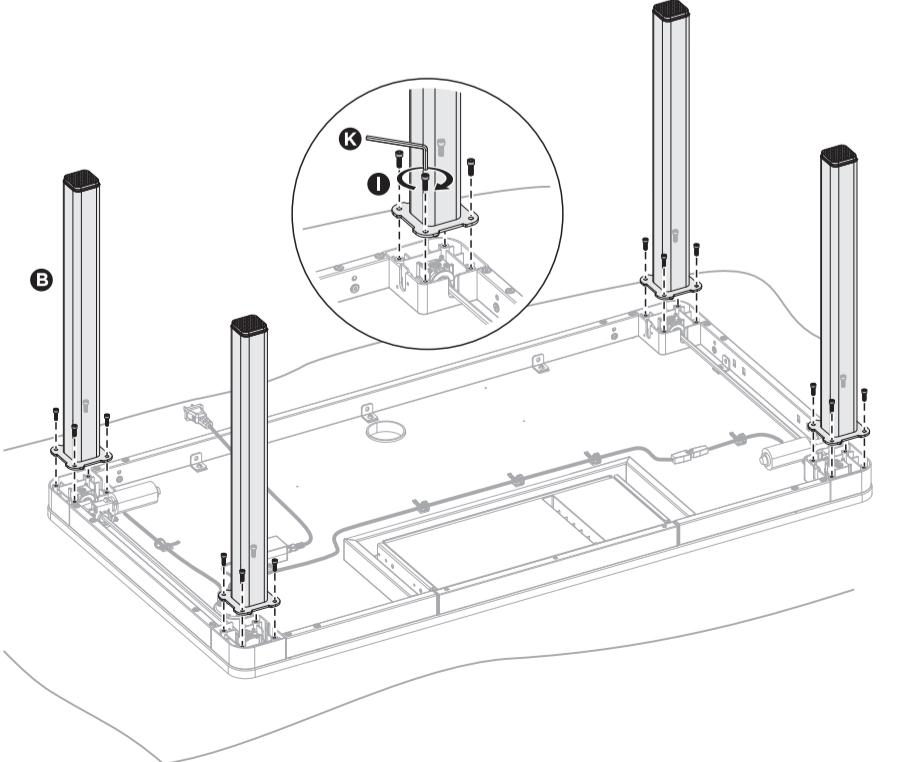

- Connect the Controller with the AC Adapter and motor as shown.
- Insert the Power Plug **J** into the AC Adapter.

**Note:** Do not plug into the power before the desk is fully assembled.

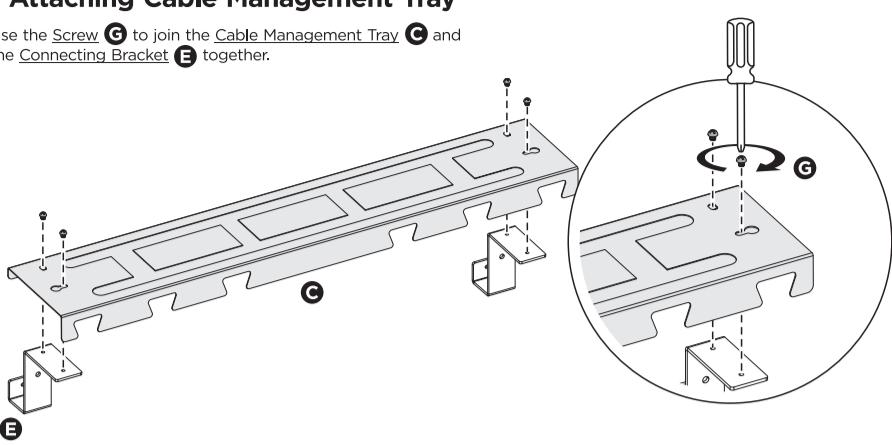

### 2. Attaching Desktop

- Use a total of 16 Screw **I** to assemble the 4 Lifting Column **B** to the Desktop **A**.

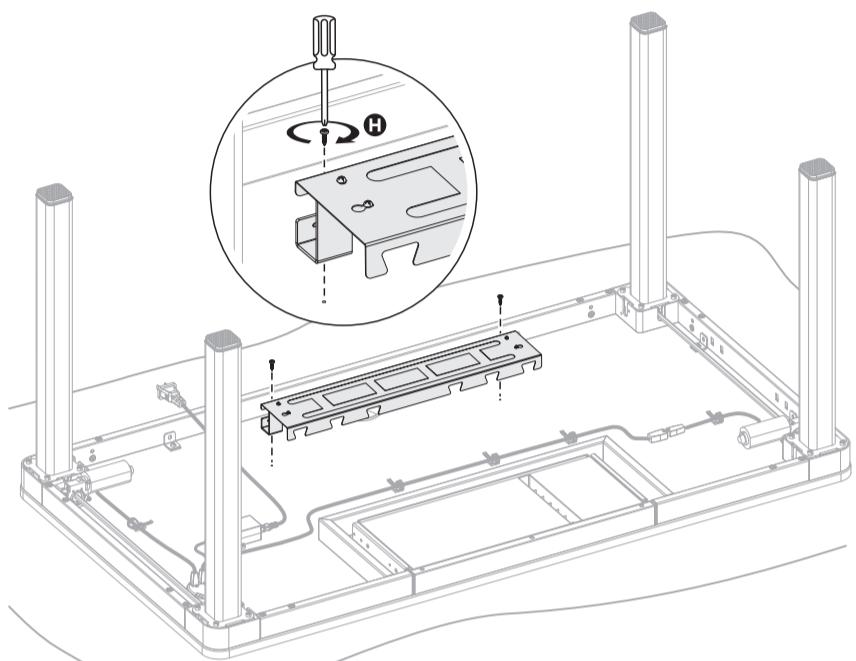

### 3. Attaching Cable Management Tray

- Use the Screw **G** to join the Cable Management Tray **C** and the Connecting Bracket **E** together.

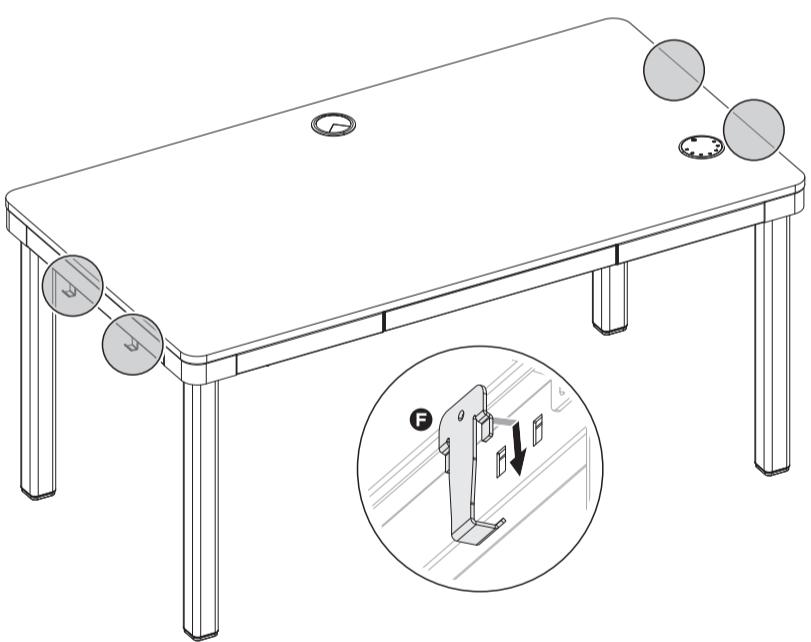

- Use 2 Screw **H** to install the assembled cable management tray under the desktop.

### 4. Attaching Storage Bag

- Attach the 4 Hook **F** to the inner sides of the desktop.

- Hang the Storage Bag **D** on the left or right side as you need.
