## Benefits

Miss On the Go <sup>TM</sup> 's vibrating Kegel Balls facilitate the execution of Kegel exercises while making them more enjoyable.

### Advantages to Kegel exercises:

- Helps the pelvic muscles recovery process after pregnancy
- Prevents urinary incontinence: leaking and loss of bladder control
- Prevents prolapse (falling of internal organs such as bladder, uterus and bowel)
- Increases intensity and frequency of orgasm (multiple orgasms)

## App

The mobile App controls the three main functions of Miss On the Go <sup>TM</sup> .

### 1. My Own Pleasure

Woman controls the vibration of her own device.

### 2. Strong is the New Skinny

A light vibration allows surrounding pelvic muscles to contract and relax.

1 cycle = 10 secs = 5 secs of contraction followed by 5 secs of relaxation

1 session = 10 cycles of 10 seconds

### 3. Let the Games Begin

The Game is linked to Miss VV's Social Media Community.

## Social media

Participants are invited to create an anonymous profile. The power of choice is strictly reserved to women who may invite a partner to start a Game. Woman then relinquishes full control of her own toy to her partner. According to their desires, players may exchange photos and texts during a Game. With the tips of their fingers, women can indicate their level of satisfaction via the Pleasure Indicator.

### Two ways to play

#### 1. I Know Who I Want

Allows women to invite their partner to play using one's username.

#### 2. Mystery Game

Women can browse through profiles using age and gender preferences in order to send an invite to a mysterious partner.
