

# Speed 25T(Q/F)

## QUICK GUIDE

# What's in the Box

Please consult this checklist for all parts.

Camera X1

Power adapter X1

Power cable X1

Screw package X1

Bracket X1

Quick start guide X1

# Description

Name	Description
Power supply	DC 5V/1A
Status light	<ul style="list-style-type: none"><li>● Solid red: Network malfunction</li><li>● Blinking red slowly: Waiting for network connection</li><li>● Blinking red slowly: Connecting the network</li><li>● Solid blue: Functioning properly</li></ul>
TF card slot	TF card storage (up to 256GB)
RESET	Press and hold for 5 seconds to reset the device (all settings will be restored to factory defaults)

# Get the App

## 1 Download App

- **If you are new**

CloudEdge is available for both iOS and Android. Search for "CloudEdge" in App Store or Google Play, or scan the QR Code to download the App.

You can select the App according to needs.

[Download App \(iOS & Android\)](#)

- **If you have already an account**

Skip this section.

**Note: Support**

## 2 Set up router

The device supports 2.4GHz & 5GHz Wi-Fi.

Ensure you have the SSID and password.

Please keep network available

2.4GHz

5GHz

**Note:** The length of the Wi-Fi SSID and password should not exceed 24 characters.

If your device has trouble connecting to the Wi-Fi network, or if you wish to switch networks, press and hold the RESET button for 5 seconds to reset the device.

# Registration

Note: The App interface may vary due to version updates. Please check the App Store for the latest updates.

## 1 Sign up

Open the App, and tap **Sign up** to register.

If you already have an account, tap **Log In** to access it.

## 2 Complete registration

Enter a valid email address, agree to the privacy agreement, then set your nickname and password.

Note: Before creating a new account, please read the **Privacy Policy** and **Terms of Use** carefully.

# Add Device

## 1 Power on the device

Plug the camera into an outlet. An audible sound will play when the camera is ready for operation.

**Note:** If the device is not in the red slow flashing after 30 seconds of turning on, press and hold the reset button for 5 seconds to reset, and then restart to pair the camera with the App.

## 2 Pair device to the App

### Pairing method 1

a. Enable Bluetooth on your phone.

b. In the App, tap **Add Device** or **+** > **Add Device**. The device will be searched for via Bluetooth and appear on the screen. Follow the on-screen instructions to complete pairing.

c. Complete the network configuration.

## Pairing method 2

a. In the App, tap **Add Device** or **+** > **Add Device**. Scan the QR code located on the device casing.

b. Complete the network configuration.

## Pairing method 3

a. In the App, tap **Add Device** or **+** > **Add Device**. Select the icon according to actual camera.

b. Reset the device and ensure a stable Wi-Fi connection.

c. Use the device to scan the QR code displayed in the App on your phone. Place your router, phone, and device close together for best connectivity.

d. Complete the network configuration.

# Installation

## 1 TF card installation (optional)

a. Push the camera upwards to reveal the TF card slot.

b. Insert the TF card (sold separately) into the TF card slot.

## 2 Installation

- **Method 1**

Place the camera on a horizontal surface where Wi-Fi signal is strong.

- **Method 2**

Install the device to ceiling.

**Note:** Make sure the wall is strong enough to withstand 3 times the weight of the device.

Do not stick the adhesive tape on the limewashed walls.

a. Pick a clean and flat surface.

b. Fix the included mounting bracket to the clean surface.

c. Insert the camera to the bracket.

# Functions

## Pan/Tilt

Rotate your camera by dragging the image in the App or using the arrows, for almost 360 degrees of vision.

## Video flip

Flip your video stream up or down for maximum flexibility if you install the camera upside down. To flip it, click on the Settings icon on the video, then Image Settings. Toggle the Screen Flip button to switch.

## Two-way audio

When you see a visitor from the live view of camera, you can call and then communicate with the visitor by your App function.

## Motion detection

The camera can be activated from a long distance (up to 30 meters) by human detection. The camera will send you push notifications and App alerts as soon as human movement is detected.

## Motion tracking

The camera will rotate to track person movements automatically when the function is enabled, keeping the person in the middle of the image, which can greatly improve the effectiveness and accuracy of monitoring.

## Sound detection

The camera will detect abnormal sounds, and send you push notifications and app alerts.

## Private mode

You can turn on the privacy mode according to needs. When the function is enabled, the camera will be in sleep mode without monitoring, which can help to protect your privacy.

## Record

Using TF card or Opening the Cloud-Storage Service, to keep recording for every moment.

## Day & Night

Never miss a moment even in complete darkness, with powerful night-vision technology.

# FAQs

Q: The device cannot be previewed properly?

A: Check if the Wi-Fi network signal is strong.

If not, it is recommended to place the device closer to the router or reset the device and add it to the App again.

Q: Why is the device still in the list of devices after resetting?

A: What the device resets are the network settings only. To completely remove the device, please launch the App and delete your device.

Q: How to switch the Wi-Fi network to another one?

A: First, remove the device from the list and reset the device. Then, connect your phone to the target Wi-Fi network and then add the device to the App again.

Q: Why doesn't the device recognize the TF card?

A: It is recommended to insert the TF card after power is cut. Confirm whether the TF card is normally available and the format is FAT32. The TF card can't be recognized when the Internet environment is not good.

Q: Why I can't get the notifications with App?

A: Please confirm that the App has been running on the phone, and the relevant reminder function has been enabled. Also, please confirm the message notification and authority confirmation of the phone system have been enabled.

# Tech Specs

Model: Speed 25Q(F)

Resolution	Speed 25T: 2304(H) x 1296(V) Speed 25F: 2880(H) x 1600(V)
Angle of view	85°/45°/95°
Pan/Tilt	Pan: 0°~350°, tilt: 50°~-45°
IR Distance	Up to 10 m (32.8 ft)
Working temp	-20°C to 50°C
Local storage	SD card (up to 256GB)
Input power	DC 5V / 1A
Consumption	Up to 4.5W
Supported phone OS	iOS 9 / Android 5.0 or later
Bluetooth	2400-2483.5MHz (Max. power<20dBm )
2.4GHz Wi-Fi	2412-2472MHz (Max. power<20dBm ) (For CE) 2412-2462MHz (Max. power<30dBm ) (For FCC)
5GHz Wi-Fi	5150-5725MHz (Max. power<23dBm ) (For CE) 5725-5850MHz (Max. power<14dBm ) 5150-5850MHz (Max. power<23dBm ) (For FCC)

# Certifications

Don't throw batteries or out of order products with the household waste (garbage). The dangerous substances that they are likely to include may harm health or the environment. Make your retailer take back these products or use the selective collect of garbage proposed by your city.

Hereby, we declare that the radio equipment type **Speed 25T(Q/F)** is in compliance with the Directive 2014/53/EU.

## Specific precautions for EMC

This is a Class B product, in a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.

## RF EXPOSURE INFORMATION

This device meets the EU requirements (2014/53/EU) on the limitation of exposure of the general public to electromagnetic fields by way of health protection.

## Restrictions declaration in the 5 GHz band

The device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

### **Power Adapter Safety**

1. The power plug is intended to serve as a disconnect device. Do not drop or cause an impact to the power adapter.
2. If the power cable is damaged (for example, the cord is exposed or broken), or the plug loosens, stop using it at once. Continued use may lead to electric shocks, short circuits, or fire.
3. Do not touch the device or the power adapter with wet hands. Doing so may lead to short circuits, malfunctions, or electric shocks.

### **Child's Safety**

1. Comply with all precautions with regard to child's safety. Letting children play with the device or its accessories may be dangerous.
2. The device and its accessories are not intended for use by children. Children should only use the device with adult supervision.

### **Operation Requirements**

1. Use the device under allowed humidity and temperature conditions.
2. Do not aim the device at strong light sources (such as lamplight, and sunlight) when focusing it, to avoid reducing the lifespan of the CMOS sensor, and causing overbrightness and flickering.
3. Observe local laws and regulations, and respect the privacy and legal rights of others.

### **Industry Canada (ISED) Compliance Statement**

This device complies with Industry Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage;
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS-102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

Le dispositif rencontre l'exemption des limites courantes d'évaluation dans la section 2.5 de RSS 102 et la conformité à l'exposition de RSS-102 rf, utilisateurs peut obtenir l'information canadienne sur l'exposition et la conformité de rf.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 20 centimeters between the radiator and your body.

Cet émetteur ne doit pas être Co-placé ou ne fonctionnant en même temps qu'aucune autre antenne ou émetteur. Cet équipement devrait être installé et actionné avec une distance minimum de 20 centimètres entre le radiateur et votre corps.

## FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## RF EXPOSURE WARNING

FCC Radiation Exposure Statement: This device complies with FCC radiation exposure limits set forth for an uncontrolled environment and it also complies with Part 15 of the FCC RF Rules. This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provide with antenna installation instructions and consider removing the no-collocation statement.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### Caution!

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## Restrictions declaration in the 5 GHz band

The device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

Les dispositifs fonctionnant dans la bande 5150-5250 MHz sont réservés uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux.
