Charging your device

- 1.Connect the charging cable to the charging socket of the headset.
 - 2.During charge, the indicator light will turn red.
 - 3.When the headset is fully charged, the red indicator light changes to blue.
- Unplug the charger from the headset.
- Use only approved chargers, Unauthorized chargers could cause damage to the headset, it could also invalidate any warranty on the product.

Repeatedly charging and discharging of the headset , over time will cause the battery performance to diminish, This is normal for all rechargeable batteries.

Pairing to a computer and Entertainment

1. If there is no Bluetooth function supported by your computer, a Bluetooth adaptor is necessary. Fix the adapter with your computer and ensure its Bluetooth function is activated.
2. Turn on the device and go to the paring mode.
- 3.After a few seconds, the device name will be listed AS511 . Select the device name icon and click right button of mouse to select pairing item, then select to connect with audio device.
- 5.Open you media player to play music, watch TV/movie and play game, then you can hear all the sound or music from the device.

Pairing to Mobile Phone or other device

- Pairing means unique and encrypted wireless connection between two Bluetooth devices when they agree to communicate with each other.
- In pairing mode, two devices should be placed close enough to each other.
- Pairing to a phone and Entertainment:
- 1.Activate the Bluetooth feature on your phone and search for the Bletooth Headset AS511
 - 2.Turn on your device go to the paring mode.
 - 3.Select the AS511 from the list of devices found by your phone.
 4. If requested enter the Bluetooth PIN 0000 to pair and connect the

headset to your phone.

- 5.Your phone will confirm the pairing, and then press Yes/OK.
- 6.Select to connect with device from your phone. You can play music, watch TV/movie and play game with your phone, then you can hear all the sound or music from the device. Also you can control the player by operating the device. Example, volume level and next music.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
