

# APOLLO

PORTABLE BLUETOOTH SPEAKER

## QUICK START GUIDE

- 1) Press the power button (⊕) for 1 second to turn on your Apollo. It should begin searching for devices immediately; if not, press the Bluetooth button (✳) for 2 seconds to begin pairing.
- 2) Open your device's Bluetooth settings and select **LSTN-Apollo**. The Apollo will play a short tone once connected.
- 3) That's it! You can now start enjoying music, movies and more with your Apollo!

## BASIC FUNCTIONALITY

- ⊕ Press for 1 second to power on
- ✳ Press for 2 seconds to begin Bluetooth pairing
- + Press or hold to increase volume
- Press or hold to decrease volume

## ADVANCED FUNCTIONALITY

A single press of the Bluetooth button (✳) will play or pause any media playing through Apollo.

**Speakerphone:** When receiving a phone call, a single short press of the Bluetooth button (✳) will answer the call. A second short press will end the call. To ignore an incoming call, press and hold the button for 2 seconds.

- 8+ hour battery life

- Frequency: 60 Hz - 20 kHz
- THD: 1% (F0 = 1 kHz | Loading: 4Ω)
- Signal to noise ratio: >70 dB
- Battery: 7.4v / 3000 mAh Li-ion

# WARRANTY INFORMATION

## US & CANADA

LSTN warrants this product free from defect in material and workmanship for a period of 1 year from the date of purchase. This warranty does not cover damage caused by misuse or abuse, accident, the attachment of any unauthorized accessory, alteration to the product, or any other conditions whatsoever that are beyond the control of LSTN Inc.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. This device complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## CAUTION!

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's warranty and authority to operate the equipment.

## CANADA STATEMENT

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS-102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

Le dispositif rencontre l'exemption des limites courantes d'évaluation dans la section 2.5 de RSS 102 et la conformité à l'exposition de RSS-102 rf, utilisateurs peut obtenir l'information canadienne sur l'exposition et la

## BATTERY REPLACEMENT STATEMENT IN EUROPE

Your Apollo includes a rechargeable battery designed to last the lifetime of the product. In the unlikely event that you should require a replacement battery please contact Customer Service, who will supply details of the warranty and out-of-warranty replacement battery service.

## BATTERY DIRECTIVE

 This symbol indicates that batteries must not be disposed of in the domestic waste as they contain substances which can be damaging to the environment and health. Please dispose of batteries in designated collection points.

## WEE EXPLANATION

 This symbol indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle responsibly to promote the sustainable use of resources.
