# HOW TO LOAD YOUR ECLIPSE MP3 PLAYER: USING **ITUNES\*\***

## ITUNES STEP #1

Open iTunes\* to your song list → Right-click top bar area and left click on 'Kind' so that there is a check mark by it, your songs will show up as AAC

The image shows two screenshots of the iTunes application. The left screenshot is a close-up of the top menu bar and the song list. A large gray circle highlights the top menu bar, specifically the 'Edit' menu. The song list below shows several tracks, including 'ABC' (Explicit), 'Ackrite (feat. Hittman)', 'Across the Lines', 'Advent', 'Afraid', and 'African Dream - African Beats'. The right screenshot shows the full iTunes interface with the 'Songs' tab selected. The song list includes tracks like 'Ackrite (feat. Hittman)', 'Across the Lines', 'Advent', 'Afraid', 'African Dream - African Beats', 'Afroman - Because I Got High (1)', 'After Tonight', 'Ain't It Funny', 'Ain't It Funny (Murder Remix)', 'Ain't No Rest for the Wicked', 'Ain't No Stressin', 'Ain't No Way (You Won't Love Me)', 'Air On a G String', 'Airplane', 'Airplanes (feat. Hayley Williams of...)', 'Airplanes (feat. Hayley Williams of...)', 'All I Do Is Win (feat. T-Pai...)', and 'All I Have Is Today'. A context menu is open at the top of the song list, with the 'Kind' option highlighted and checked. The right side of the interface shows various filter and search options.

The top bar area mentioned above will say Name, Time, Artist, Genre, Rating, etc. This is the bar you need to right-click to select 'Kind'

*These steps are done with the latest version of iTunes, please update to iTunes 11.1.4.*

## ITUNES STEP #2

Select all AAC audio files that you wish to transfer to your MP3 player and right-click on those songs → select 'Create MP3 version'

To select multiple songs hold  
Control and click all the songs you wish to select

Ctrl

If you do not see 'Create MP3' version follow these steps: Go to Preferences (a pop up will appear) → on the top menu bar click the 'General' tab → under 'General' look to the bottom of the window and click 'Import Settings' → Under 'Import Settings' click on the drop down menu called 'Import Using' and change your encoder to MP3 Encoder → click 'OK' → try right clicking a song again. You should see 'create MP3 version' now

## ITUNES STEP #3

Sort by file type 'Kind' → Select all MP3 files you wish to add to your Eclipse device (they will be labeled 'MPEG audio files') → Right-click 'Copy' on all selected songs.

## ITUNES STEP #4

When you connect your device it will appear on the left column in your 'My Computer' window → Double left click to open your device and right-click and select 'Paste' → your songs will start loading from iTunes into your player → To eject your device, right-click your device on the left column and select 'Eject'

#### **FCC Information**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

If you cannot eliminate the interference, the FCC requires that you stop using your product. Changes or modifications not expressly by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

#### **Battery Caution & Disposal Information**

- Improper operation of the battery (e.g., overcharging, crushing, puncture, excessive heat or moisture) may produce smoke. In such an event, ventilate the area.
- Extinguish any flames with carbon dioxide, dry-powder fire extinguisher, or cover with sand or mud.
- Do not disassemble, crush, puncture or incinerate.
- Do not expose to temperatures above 140° F.
- Do not dispose of the battery in the trash.
- Charge fully before storage or if stored for longer than three months.
- Do not dispose of batteries in a fire.
- Batteries should be disposed or recycled per state and local guidelines.
