WARNING – Risk of fire or electric shock. LED Retrofit Kit installation requires knowledge of luminaires electrical systems. If not qualified, do not attempt installation. Contact a qualified electrician.

WARNING – Risk of fire or electric shock. Install this kit only in luminaires that have the construction features and dimensions shown in the photographs and/or drawings and where the input rating of the retrofit kit does not exceed the input ratings of the luminaire.

Do not make or alter any open holes in an enclosure of wiring or electrical components during kit installation.

WARNING – To prevent wiring damage or abrasion, do not expose wiring to edges of sheet metal or other sharp objects.

THIS RETROFIT KIT IS ACCEPTED AS A COMPONENT OF A LUMINAIRE WHERE THE SUITABILITY OF THE COMBINATION SHALL BE DETERMINED BY AUTHORITIES HAVING JURISDICTION.

Please examine all parts that are not intended to be replaced by the retrofit kit for damage and replace any damaged parts prior to installation of the retrofit kit.

SUITABLE FOR TYPE IC OR NON-IC LUMINAIRES

This lamp is only compatible with provided or other specified controls listed in these instructions for proper functionality. This lamp will not operate properly when connected to a standard incandescent dimmer or other off-shelf dimming controls.

ADVERTENCIA: Riesgo de incendio o descarga eléctrica. La instalación del kit de retroajuste LED requiere que el electricista conozca los sistemas eléctricos de las luminarias. Si no está calificado, no intente realizar la instalación. Comuníquese con un electricista calificado.

ADVERTENCIA: Riesgo de incendio o descarga eléctrica. Instale este kit solo en las luminarias que cumplen con las características y dimensiones de construcción que se muestran en las fotografías o dibujos, y en donde la

potencia de entrada del kit de retroajuste no exceda la potencia de entrada de la luminaria. No haga ni altere orificios abiertos en un recinto donde haya cableado o componentes eléctricos durante la instalación del kit.

ADVERTENCIA: Para prevenir daños o abrasión en el cableado, no lo exponga a bordes afilados o a láminas de metal, o a otros objetos puntiagudos.

Este kit de retroajuste LED es aceptado como un componente de una luminaria done la combinación idónea será determinada por las autoridades con jurisdicción competente.

Por favor, examine todas las piezas que no están destinadas a ser sustituidas por este kit de retro ajuste LED y sustituya las piezas dañadas antes de su instalación.

Step 1 - Switch off the mains before
starting installation.

Apague la electricidad antes de empezar
la instalación

Couper le courant d'alimentation avant
de commencer l'installation

Step 2 - Please read and copy the serial
number on the Hue downlight. You may
need this number later to pair this
product with the Hue Bridge.

Por favor, lea y copie el número de serie
en la luminaria Hue Downlight. Necesitará
este número luego para emparejarlo con el
Hur Bridge

Veuillez lire attentivement et copier le
numéro de série sur l'éclairage direct Hue.
Ce numéro pourrait vous être nécessaire
plus tard pour appareiller ce produit au
pont Hue.

Step 3a - If your metal can is 6 inch in size, keep the 3 springs of the downlight in fully open position as shown.

Si su tacho de metal es de 6 pulgadas, deje las 3 clavijas de la luminaria en la posición abierta como se muestra

Si votre boîtier en métal a une taille de 6 po, conserver les 3 ressorts sur l'éclairage direct entièrement ouverts, comme l'illustration.

Step 3b - If your metal can is 5 inch in size, push the 3 springs in an angled position as shown.

Si su tacho de metal es de 5 pulgadas, deje las 3 clavijas de la luminaria en la posición en ángulo como se muestra

Si votre boîtier en métal a une taille de 5 po, pousser les 3 ressorts en angle, comme l'illustration.
