General instructions

SHUTTING DOWN OCKEL SIRIUS B

Press the start button in the lower left corner of the screen.
Select Power > Shut down.

SAFETY INSTRUCTIONS

- Keep the product away from sharp objects.
- Don't place heavy objects on top of the product.
- Don't put any pressure on the product, don't bend the product.
- Don't use any (chemical or organic) liquids with the product.
- Keep the product away from heating sources.

Wi-Fi Setup (basic)

To connect to your wireless network follow these steps:

Launcher Home Screen > Settings > Wi-Fi > Check the option

"To see available networks turn Wi-Fi on"

Wi-Fi will turn on and automatically scan the wireless networks available, then select the wireless network that you wish to connect to and confirm, key-in the password of the Wi-Fi network when the virtual keyboard prompts, finally hit the "Connect" button.

CLEANING

Clean the product with a moist cloth. Don't use any chemical liquids or oil!

FCC Certification Requirements

Caution: Any changes or modifications in construction of this device which are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

The antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons.
