

**Annex B.iii. Photograph: Test Setup Photo**

 A photograph showing the front view of a conducted emissions test setup. It consists of a wooden table with a power strip and some electronic components on it. A black cable is connected to the table and extends towards the left side of the frame. The setup is located in a room with a light-colored floor and walls.	 A photograph showing the side view of the conducted emissions test setup. It focuses on the wooden table and the power strip with various cables connected. The background shows the room's interior, including a white wall and a door.
Conducted Emissions Test Setup Front View	Conducted Emissions Test Setup Side View
 A photograph showing the radiated spurious emissions test setup for frequencies below 1GHz. It features a white rectangular table with a power strip and some electronic components. The table is positioned in a room with white walls and a white floor, surrounded by a large, white, rectangular Faraday cage.
