

Special Announcement

The copyright of this Chinese operating instruction belongs to InforCharge Corporation Co., Ltd. (referred as "InforCharge") , anyone (and institution) without the written authorization of their formal permission is prohibited to reproduce, transfer, photocopy, change the content, scan, etc., of the whole in part (including texts and pictures) of this instruction, for others to use or sell.

InforCharge has all the rights to change or enhance the product features, no additional notice needed to inform anyone in particular and institution (including those who have purchased and not purchased). If any functional problem occurs, information can be found on the company's website or promo paper.

Limited Warranty

The InforCharge guarantees the product will have no material or working flaw for one year from the purchase date. During this period InforCharge will repair or replace the damaged component, by normal using, which according to its option. In this case of repair or replacement, if the customer may be responsible for the shipping cost, the client can therefore have repair parts or wages for free. This warranty is not including: (i) Surface damage, such as scratches, dents and depressions. (ii) Other types of consumables, such as batteries, but not if the damage is made by the material or working process defect. (iii) Damage due to accident, abuse, misuse, water, flood, fire or other natural disaster or external factors. (iv) Damage from maintenance or repair by someone who is non InforCharge authorized. (v) Caused by a change without the written permission of InforCharge. In addition, obtain and/or use products or services against any country laws, InforCharge reserves the right to refuse the warranty applying.

It is exclusive and replaces all other warranties, in explicit or implied meaning or regulation, including any liability under a special purpose,

decreed, or derived warranty from the merchantability or suitability in other situations. This warranty gives you specific legal rights, however the rights would differ in each state. For any incidental, special, indirect or consequential damage (probably caused by the use, misuse, fail to use, natural product defects), InforCharge will not be responsible. Some states do not allow the exclusion of incidental or consequential damages, then the above limitation may not be suitable to you. InforCharge reserves the rights of repairing or replacement (new product or a new overhauled replacement product) of devices or software, or to return the full purchase price as refund. For anyone who violates this warranty, this is the sole and exclusive measure for remedy. Please contact your local contributor authorized by InforCharge when applying for warranty service, or call the Product Support Department of InforCharge to have shipping instructions. Please wrap device properly and attach a photocopy of the original purchase receipt, as it is necessary proof to apply for warranty. In the outer surface of the parcel, please clearly mark your tracking code, prepay the shipping cost and send to any service point of InforCharge.

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC RF Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

End users must follow the specific operating instructions for satisfying RF exposure compliance.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Start to use
