Cautions

When cleaning the product, do not spray water onto the product to prevent water from getting inside, which could cause malfunction.

Prevent it from dropping from high places, which could damage key sensors and impact its accuracy.

The data transmitting between the product and the APP in your MP is based on Bluetooth 4.0. Please turn the bluetooth on and make sure your MP is one of the supported models.
FCC Caution: Any changes or modifications not expressly approved could void the user's interest of using the device.

Products Accessories :
MP holder×1.   Tripod×1
Turntable×1.   USB cable ×1   User manual×1

Supported Systems

iOS
iOS8.0 or above

Android
4.3--6.0

The supported system list as showed above was updated as of Dec. 2015. Please go to www.aipp3d.com and check the latest one.

The APP can be used on your phone on below two conditions:

1. The phone hardware supports bluetooth 4.0;
2. It must be based on iOS8.0 or above, or Android 4.3 to 6.0.

If your phone meets these two requirements, but still can't use the product, please contact us for immediate test.

Structure

The tripod folded

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1)this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation
