

Antenna Specification

Product Name: Antenna

Wire Shape: Cylindrical

Single conductor specifications: 19 core copper wire

Copper wire Specifications: 0.12mm outer diameter

Copper wire Material: Tinned Copper

Wire insulation sheath material: PVC (green)

Single wire sheath finished diameter: 1.3mm

Cable length: 3.5mm

Wire color: Transparent

Usage: electronic wiring inside the machine

Operating temperature range: -30°C to $+80^{\circ}\text{C}$

Rated voltage: AC DC 30V ~ 250V (50Hz RMS)

Rated current: 0.2A ~ 0.8A AC DC

Voltage: 100V ~ 600V AC / MIN

Wire line comply with environmental standards: EN71(19E)、ROHS、PAHS、6P-19P、

CPSIA、HR4040
