SAFETY AND CARE INSTRUCTIONS

Read all the instructions before using the product and then store them for future reference. Failure to follow these safety instructions, could lead to fire, electrical shock, personal injury, property damage, or damage to the product.

- Do not expose to rain, moisture, or other liquid. Do not use near water such as swimming pools, bathtubs, or sinks. If it becomes wet, immediately unplug the product from a power source. Do not handle the unit, USB cord or wall charger with wet hands.
- Do not charge, or use, the product if it has been submerged in water, or if water has got inside the product.
- Do not expose to heat sources, the sun, or leave in a hot vehicle. Do not dispose of in a fire.
- Do not expose the product to extremely high or low temperatures. Use this product in a location with a temperature of 32°F - 95°F. Prolonged exposure to extreme heat or cold reduces battery longevity. Exposure to fire or temperatures above 170°F could cause serious damage and explosion.
- Do not disassemble, there are no serviceable parts inside.
- This product is not a toy. Keep out of reach of children or those that require supervision.
- Do not use abrasive cleaning solvents to clean the unit.

RF Exposure Compliance

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

FCC STATEMENT

FCC STATEMENT

Any changes or modifications not expressly approved by the party responsible for compliance could void this user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does not cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct interference by one or more of the following measures: • Reorient or relocate the receiving antenna

- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

ONE YEAR LIMITED WARRANTY

Xtreme warrants its products for one year against defects in manufacturing under regular consumer use with original receipt of retail purchase. We believe in our products and want to provide you with a replacement, if needed, but we have to know about the problem while the product is still under warranty. If you discover a defect covered by this warranty, please contact us about receiving a replacement. In order to use the products warranty the customer must provide proof of the retailers receipt.

*Any customers outside of the U.S. will be responsible for shipping and handling charges if a replacement is required that is not due to a manufacturing defect. If there is not a manufacturing defect, shipping and handling will be applied.

Xtreme's warranty is limited to our products only. Our warranty does not cover the replacement or repair cost of any third-party accessory, electronic device or personal property. For instructions about how to obtain warranty service for your product, please contact Customer Service: customerservice@xtremecables.com

Scan the QR code on the front of the manual to extend your warranty from 1 Year to 2 Year Limited.
