

Intelligi LLC

Label Location Letter

Federal Communications Commission
Authorization and Evaluation Division

The FCC ID: 2AHEYGC293618 label is placed in battery compartment because of the limitation of the small size and special construction of the product. Battery compartment is the only choice when battery cover is not acceptable by FCC.

The product will be sold without battery. At the time users put in or change battery, they can find the FCC ID easily.

On the box of the product will inform users that FCC ID can be found in the battery compartment at the time of purchase.

A handwritten signature in black ink, appearing to read 'Troy Gay', with a long, sweeping horizontal stroke above the name.

Name/Title Mr Troy Gay / Co-Founder
Company Name: Intelligi LLC
