Change Declaration

The reason for updating user manuals is that:
User manual has the word "Confidential" on it, but actually user manual is published on FCC's official website. So it is necessary to update the user manual.

User manual update content:
Delete the word "Confidential" in the user's Manual.
Delete "Preliminary" watermark.
Delete the word "Under Development" in the user's Manual.
Modify the warning of CE for RED warning and DOC.

Yours Sincerely,

Changming ZHOU
Manager
Shanghai Bwave Technology Co.,Ltd.
