

Wireless Ergo Mouse-Black

Package includes:

Wireless mouse x 1
User manual x 1

Safety instructions:

- Do not disassemble, throw away or damage this Product. Consult your local waste collection agency for proper disposal or recycling methods. You may also go online at www.call2recycle.org for a battery recycling drop off location near you.

Pairing:

1. Remove the battery box cover on the back of the mouse.
2. Insert two (2) 1.5V AAA Alkaline batteries (not Included) into the battery box pointed in the correct direction. The correct poles are indicated there. Put the battery cover back in place so that is securely closed.
3. Switch your computer on and connect the USB receiver to a free port on your PC.
4. Make sure that the mouse comes close to the USB receiver and integrates it into this setting.
5. The LED starts to blink in order to show that the receiver is ready to synchronize the mouse automatically.
6. The status LED on the wheel of the mouse lights continuously after the synchronization process has been completed. The mouse is now ready for use.

Ergonomic design, reduces fatigue, alleviates pressure on wrist and reduces risk of cramping. Can help prevent Carpal tunnel syndrome by using a natural, less stressful angle.

Adjustable Resolution up to 2400dpi

Functionality:

- Only move the mouse on a dark, smooth surface (such as, customary mousepad, not on transparent materials like glass). For consideration of saving battery power, it is strongly recommended to operate the mouse on a bright surface with fine texture to obtain lower power consumption, a very dark surface will cause higher power consumption.

Specifications:

- Ergonomic Design Reduces Strain
- 6 Buttons + Scroll Wheel
- Adjustable Resolution up to 2400dpi
- 2.4G Wireless Plug and Play
- Requires two (2) 1.5V AAA Alkaline batteries, not included
- Supports Windows® XP/ME/Vista/7/8/10

FCC ID: 2AHN6-MSWS110

USB DONGLE:

FCC ID: 2AHN6-DE

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
