Date: 31-OCT-2017

Subject: 15.407 (c) (g)

To Whom It May Concern:

We, **Harman International Industries, Incorporated** located at **30001 Cabot Drive, Novi MI, 48377** declare that our devices: **G31 BASE, G31 BASE+, G31 MID, and G31 HIGH** are compliant with the following FCC Rules for the Unlicensed National Information Infrastructure (U-NII) Bands:

- 15.407 (c) The device shall automatically discontinue transmission in case of either absence of information to transmit or operational failure. These provisions are not intended to preclude the transmission of control or signaling information or the use of repetitive codes used by certain digital technologies to complete frame or burst intervals. Applicants shall include in their application for equipment authorization a description of how this requirement is met.
- 15.407 (g) Manufacturers of U-NII devices are responsible for ensuring frequency stability such that an emission is maintained within the band of operation under all conditions of normal operation as specified in the user's manual.

Sincerely,

A handwritten signature in blue ink that reads "Mark Bowman". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
