IMPORTANT SAFEGUARDS:

1. Do not allow water to spill onto the surface or into the product.
2. This unit is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities or lack of experience and knowledge unless they are supervised or given instruction concerning the use of the appliance by a person responsible for their safety.
3. Children should be supervised to ensure they do not play with the unit.
4. If the product surface is damaged or if there is a mechanical or electrical malfunction, do not use the unit. Contact the authorized service center immediately.
5. Do not shake the unit.
6. Do not place the unit in water.
7. Do not place the product in direct heat. This unit is to be placed in a dry and ventilated place.
8. Do not place heavy objects on the unit.
9. If the battery is completely flat, connect the USB charging cable to charge the unit. Please note the unit may not work properly for the first couple of minutes of charging.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However,

there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
