Re: FCC ID 2AHUE-9536 Confidentiality Request

To Whom It May Concern:

Pursuant to the provisions of Sections 0.457 and 0.459 of the Commission's rules (47 CFR §§ 0.457, 0.459), we are requesting the Commission to withhold indefinitely the following as confidential documents from public disclosure:

- ❖ Schematic Diagram
- ❖ Block Diagram
- ❖ Theory of Operation
- ❖ Antenna Specification.

The above mentioned documents contain detailed system and equipment descriptions that are considered proprietary information in operation of the equipment. The public disclosure of these documents might be harmful to our company and competitors would gain an unfair advantage in the market.

In addition to the above documents referenced above, pursuant to Public Notice DA 04-1705 of the Commission's policy, and in order to comply with the marketing regulations in 47 CFR §2.803 and the importation rules in 47 CFR §2.1204, while making sure that business sensitive information remains confidential until the actual marketing of newly authorized devices. We are requesting the commission to grant short-term confidentiality request on the following for 180 days from the issue of the grant:
