Label Placement Justification

To Whom It May Concern:

I am writing on behalf of Shot Scope Technologies to provide justification for label location of the following device:

BLE Module, FCCID 2AHWR-SS02

Guidance has been taken from FCC KDB 784748 D01v08, specifically Section 2.2. This states that if the device is unquestionably small, the FCC ID may be placed in the manual.

The module is approximately 6mmx6mm and therefore deemed too small for a label stating the FCC ID.

Sincerely Yours,

A handwritten signature in black ink, appearing to read "DH".
