Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, MD 21046

To whom it may concern:

Connected Yard, Inc., hereby requests a Permissive Change Class II of the radio equipment certification for FCC ID: 2AHCY-CYPM1510, (Model # CY-PM1510-A1). This product differs from the originally approved product in the following manor:

Antenna Characteristics. – Some slight antenna tuning has been made to account for encapsulation which is added to the PCBA. There are currently two versions, the original which does not have encapsulation and a new PCBA which has encapsulation

I do attest that the Field strength and/or RF Output readings remained the same or are lower than the originally approved product and that they did not increase therefore qualifying this product for this application type.

Sincerely,

A handwritten signature in black ink, appearing to read "Justin Miller".

Justin Miller

CEO

ConnectedYard Inc.
