TYPE : EP132

Operation Instructions for EP102 Bluetooth Electronic Earmuff

STEP I / Match ID code:

1. Press the ON/OFF button and hold for 4 seconds, green LED will start flashing.
2. Turn on the cell phone or PC (or other device) to search the ID: BabyBanz
3. After connecting, the green LED will show a continuous light.
4. The device will connect automatically at the next operation.

STEP II / Audio operation:

1. Turn on the music program within the cell phone or PC (or other device), the earmuff will connect automatically and play audio.
2. To turn off, press and hold ON/OFF button for 2 seconds

STEP III / USB charger:

1. Red LED will be on when the USB charger is connected. The red LED will turn off once the device is fully charged.
2. When the device needs recharging, the LED will start flashing red.
3. The device will turn-off automatically when the voltage is too low.

FCC Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Industry Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le present appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
