

Take the first step

(Pull tab folded over - closed)

Front

Clean lines and faceted planes strike a bold silhouette. Inspired by natural materials, the textured matte finish adds tactile intrigue. Meet Aura Modern.

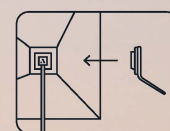

Getting started

Aura is the easiest way to view and share your photos, instantly, anywhere. In a few easy steps you'll connect your frame to WiFi and start adding photos!

STEP ONE

Plug in the frame.

Attach the stand in either portrait or landscape orientation.

STEP TWO

Get the free Aura app.

Search "Aura Frames" in the Apple App Store or Google Play.

STEP THREE

Connect your frame to WiFi.

Make sure your mobile device is connected to your home WiFi network and Bluetooth is turned on.

STEP FOUR

Add some photos.

Your photos are automatically synced with the Aura app. Select photos from your camera roll or browse Aura-curated Smart Albums.

STEP FIVE

Invite family members.

Aura is more fun with family! They'll need to download the Aura app and accept your invite to start sharing.

TA-DA!

Your frame is all set up!

Snap a photo of your frame and tag #AuraFrames to share it with us.

Changing Photos

Touch bars let you control your frame without opening the Aura app. Swipe left or right across the top of the frame to change photos; swipe up on the side of the frame to view details like when and where a photo was taken.

Smart Curation & Cropping

You'll notice the people you take photos of most often have an album dedicated to them— even your pets! If your frame is in portrait orientation and you add a landscape photo, the app will auto-position the photo to fit.

Family Sharing

Invite the whole family to share photos from anywhere in the world. Unlimited storage means you can invite as many people as you'd like to share their photos.

Auto Brightness

Aura will adjust brightness depending on the light level in the room. Your frame will turn on in the morning and off at night, or you can set a schedule in the Aura app.
