Solder Board-Component View 10	 A photograph of a small, rectangular printed circuit board (PCB) component, likely a solder mask or a small module, placed on a blue textured surface. The component is dark green with various electronic components, including a central microcontroller, several capacitors, and resistors. It is positioned next to a black ruler with white markings, which shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component is oriented horizontally, with its longer side parallel to the ruler.
Solder Board-Component View 11	 A photograph of the same PCB component from a different perspective, showing the underside. The component is dark green with various electronic components, including a central microcontroller, several capacitors, and resistors. It is positioned next to a black ruler with white markings, which shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component is oriented horizontally, with its longer side parallel to the ruler.
