

## Navdy Overview

## Getting to Know Your Navdy

## Best Lens Position

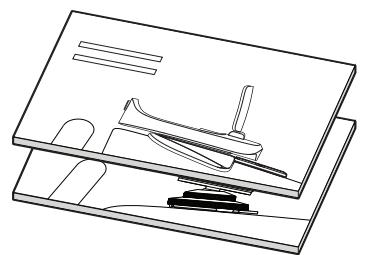

## What's Next

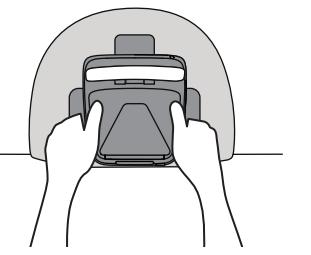

### Download the App

Download the Navdy app for your phone. Personalize it with your details to get the most out of features like navigation, call control, and messaging.

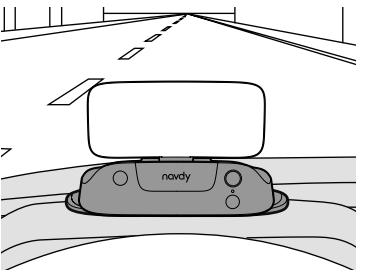

### Install Navdy Step-By-Step

Watch the setup video in the Navdy app or at [navdy.com/support](http://navdy.com/support). Follow along using the Short Mount Setup guide.

### You'll learn how to:

- Place the mount on your dashboard
- Find the best position for the lens
- Install the Dial on your steering wheel
- Connect the power cable

### Enjoy Driving Again

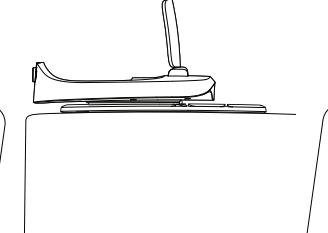

Make sure that Navdy is in the best position to safely show you information while you're driving.

For questions or help, visit [navdy.com/support](http://navdy.com/support).

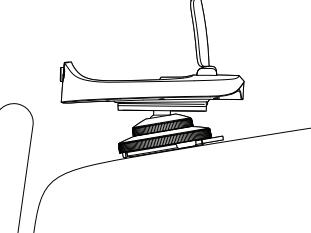

## Understanding Mounts

The mount holds Navdy in the best position to safely show you information while you're driving. There are three mount sizes in the Navdy box. Most people can successfully install Navdy with the short mount, so try it first.

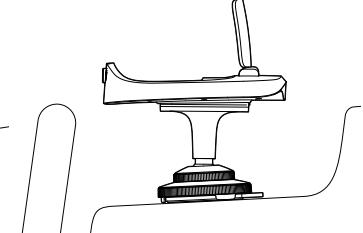

Short Mount

Medium Mount

Tall Mount
