

SIZE : (90 x 7) x 45mm

PACKAGE

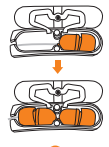

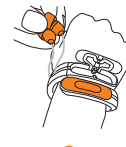

1. Helix Cuff
2. Wireless Headset
3. Earbud Tips: Small, Medium, Large
4. USB Charging Cable
5. Cleaning Cloth

HOW TO REMOVE HEADSET

1. Press down on the cover near the end of the cuff to open the cover.
2. Take out the earbuds one by one.
3. Uncoil the cords from around the cuff.
4. Pull out the control unit from the cuff.

HOW TO INSERT HEADSET BACK

1. Place the control unit back in the cuff.
2. Coil the cords around the cuff.
3. Place the earbuds into the correct position one by one.

HOW TO WEAR

Wear Helix Cuff on the wrist
Adjust to fit your wrist by moving the magnet
Wear the headphones on the head

 The Helix Cuff and the headset are not waterproof. Avoid excessive water on the headset.
 For the best Bluetooth connection, keep source device in direct view of the headset. The human body may interfere and weaken signal in some conditions.

HEADSET

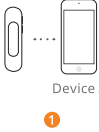

CHARGING: Fully charge the headset before use with the microUSB charging cable.
POWER ON/OFF: Press the main button for 2 seconds until the LED indicator flashes red 3 times.

PAIRING

1. Press the main button for 4 seconds until the LED indicator blinks white and red alternatively.
2. Select "Helix Cuff Headset" on your mobile device to connect via Bluetooth.
3. Once paired, the LED indicator will flash white.

PAIRING WITH TWO DEVICES (SMART MULTIPOINT CONNECTIVITY)

1. Pair and connect the headset with the first device.
2. Turn off the Bluetooth function of the first device.
3. Pair and connect the headset with the second device.
4. Reconnect first device with headset and both devices will be paired.

CONTROLS

 **Answer call:** Press the main button once to answer an incoming call.

2. Pairing mode: Flashes in red and white
3. Paired: White flashes
4. Low battery: Beeps every 5 seconds
5. Charging: Solid red light
6. Fully charged: Solid white light

SPECIFICATIONS

Dimension:
Cuff: 5.11" - 7.68" Circumference (13 - 19.5cm)
Earbud: 0.39"D x 0.63"L (10x16mm)
Headset: 1.81"L x 0.51"W x 0.43"H (46x13x11mm)
Weight:
Cuff: 1.8 oz (51.4g)
Headset: 0.48 oz (13.6g)
Battery type:
Rechargeable lithium-ion polymer battery
Battery input: 5V / 20mA
Battery capacity: 40mAh
Charging time: About 1.5 hours

Standby time (power on): About 72 hours
Standby time (power off): About 30 days
Music/Talk time: Up to 3 hours
Frequency response: 50Hz - 20kHz
Impedance: 16 ohms
Bluetooth version: 4.1
Bluetooth profiles: HFP, HSP, AVRCP, A2DP, and APTX
Maximum Bluetooth working distance: 30 ft (10m)
Audio enhancements: cVc® noise reduction

SAFETY INFORMATION

 Use Responsibly
Do not use headset when it is unsafe to do so: while operating a vehicle, crossing the street, or during any activity or environment where full attention to your surroundings is required. It's dangerous to drive while wearing the headset and in many places illegal because it decreases ability to hear life-saving sounds outside of the vehicle, such as another car's horn or emergency vehicle sirens. Please avoid wearing the headset while driving.

 Listen Responsibly
To avoid hearing damage, make sure that the volume on your music player is turned down before connecting your headset. After placing the headset in your ear, gradually turn up the volume until you reach a comfortable listening level. Noise levels are measured in decibels (dB); exposure to any noise at or above 85 dB can cause gradual hearing loss. Monitor your use; hearing loss is a function of loudness versus time. The louder it is, the less time you can be exposed to it. The softer it is, the more time you can listen to it.

 To prevent possible hearing damage, do not listen at high volume levels for long periods of time.

STATEMENTS

FCC and IC Compliance Statement
This device complies with Part 15 of the FCC rules and Industry Canada license-exempt RSS standards. Operation is subject to the following two conditions: (1) This device may not cause harmful interference; and (2) this device must accept any interference received, including interference that may cause undesired operation.

EU Compliance Statement
Ashley Chloe Inc. hereby declares that this wireless device is in compliance with the essential requirements and other relevant provisions of the R&TTE Directive.

Caution Statement
Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

WARNING: Do not expose this product to liquid or excessive heat.

Disposal Information
The symbol indicates that this product and/or battery should not be disposed of with household waste. When you decide to dispose of this product and/or its battery, do so in accordance with local environmental laws and guidelines.

WARRANTY

Limited Six (6) Months Warranty with proof of purchase. Exempt from warranty are limited-life consumable components subject to normal wear and tear, e.g. ear tips, batteries and other accessories.

FCC Caution.

§ 15.19 Labelling requirements.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

§ 15.21 Changes or modification warning

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

§ 15.105 Information to the user.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
