Battery and Charging

ZHIYUN CINEPEER WEEBILL 3E adopts built-in battery. When using ZHIYUN CINEPEER WEEBILL 3E for the first time, please activate the gimbal by fully charging the battery to ensure the proper function of the gimbal.

Charging method: Use provided USB Type-C cable to connect the USB charger (not included in the package) to charge ZHIYUN CINEPEER WEEBILL 3E. It is recommended to use USB chargers that meet the PD protocol. (supports 14W PD charging at most).

- 💡 ① USB charger is not provided.
- ② Please power off ZHIYUN CINEPEER WEEBILL 3E to charge.

Mounting the Tripod

Mount the tripod to the bottom of the ZHIYUN CINEPEER WEEBILL 3E handle, then unfold the tripod and place the ZHIYUN CINEPEER WEEBILL 3E on a flat surface.

Mounting the Camera

1. Each axis of the gimbal is equipped with a lock switch. You can use these lock switches to lock the axes for convenient installation and storage. The storage state is the default state. Please toggle the lock switch to unlock the three axes, expand the gimbal as shown in the image, and lock the axes again for convenient camera installation.

Locked state for storage

Locked state for installation

- 💡 ① Please mount the camera before powering on ZHIYUN CINEPEER WEEBILL 3E and balance the gimbal. Do not power on ZHIYUN CINEPEER WEEBILL 3E when there's no camera mounted on it.
- ② Before mounting the camera, make sure it is prepared ahead of time. Remove the lens cap and make sure the camera's battery and memory card are already in place.

2. 将相机安装到快装板上①，并用螺丝锁紧②。

Installation Steps for Standard Version

(1) Installation for Landscape Orientation

Unlock the quick release plate latch ①, install the quick release plate and camera onto the quick release plate leveling base ② and then tighten the latch ③.

(2) Installation for Portrait Orientation

Unlock the quick release plate leveling base latch ① . Press and hold the leveling base safety lock ② and push the leveling base to the left until the it is removed from the level mount ③ . Install the camera and quick release plate as a whole onto the leveling base ④ and tighten the latch ⑤ . Install the camera, quick release plate, and leveling base as a whole onto the level mount ⑥ . Tighten the leveling base lock screw ⑦ .

 When disassembling at horizontal orientation, please unlock the quick release plate latch ① and hold down the safety lock of the quick release plate ② to remove the camera and quick release plate as a whole ③ .

 When disassembling at portrait orientation, please loosen the screw that locks the leveling base ① , and hold down the safety lock of the leveling base ② to remove the camera, quick release plate and leveling base as a whole from level mount ③ .

Installation Steps for Lite Version

Install the quick release plate and camera onto the quick release plate leveling base ① and then tighten the latch ② .

💡 When disassembling, please unlock the quick release plate latch ① and hold down the safety lock of the quick release plate ② to remove the camera and quick release plate as a whole ③ .
