

Annex B.iii. Photograph: Test Setup Photo

 A photograph showing a wooden table in a room with grey walls. On the table, there is a white power strip with several cables connected to it, and a small electronic device. The table is positioned in front of a grey metal cabinet with various cables and equipment inside.	 A photograph showing a side view of the same setup. It focuses on the power strip and the small electronic device on the table, with the grey metal cabinet and its internal components visible in the background.
Conducted Emissions Test Setup Front View	Conducted Emissions Test Setup Side View
 A photograph of a test setup in an anechoic chamber. The setup is on a white table covered with a white plastic sheet. A small electronic device is connected to a red antenna. The chamber walls are covered with white and black absorptive panels.	 A photograph of the same test setup in the anechoic chamber, but from a different angle. The device is now connected to a clear antenna. The chamber walls are covered with white and black absorptive panels.
