

**Annex B.iii. Photograph: Test Setup Photo**

 A photograph showing a wooden table in a laboratory setting. On the table, there is a small electronic device connected to a power source. A power strip with multiple outlets is visible on the wall behind the table. A power distribution unit (PDU) is on the floor to the left. Cables are visible on the floor and wall.	 A photograph showing a side view of the same wooden table setup. The table is made of light-colored wood and is positioned against a wall. Various electronic components and cables are visible on the table and the floor.
