WARNING!

CAUTION TO REDUCE THE RISK OF ELECTRIC SHOCK DO NOT REMOVE THE COVER ON THIS SPEAKER

THERE ARE NO USER-SERVICEABLE PARTS INSIDE REFER ALL SERVICING TO A QUALIFIED TECHNICIAN

The lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of dangerous voltage within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to humans. Users should exhibit extra safety when this symbol appears in this instruction manual and follow all precautions as they are stated.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance(servicing) instructions in this manual.

- 1-Read these instructions.
- 2-Keep these instructions.
- 3-Heed all warnings.
- 4-Follow all instructions.
- 5-WARNING To prevent fire or electric shock , do not expose this equipment to rain or moisture. Do not store or operate this product near any liquids.
- 6-Clean only with a dry cloth.
- 7-Do not store or operate this product near any heat sources such as radiators , heat registers stoves, or other apparatuses (including amplifiers) that produce heat .Keep this product in a well ventilated area.
- 8-Do not defeat the safety purpose of the polarized or grounding type plug . A polarized plug has two blades with one wider than the other . A grounding plug has two blades and a round grounding prong. The wide blade or third prong is provided for your safety . If the provided plug does not fit your outlet , consult an electrician for the replacement of the obsolete outlet.
- 9-Protect all the wires connected to this unit from being walked on or pinched, particularly plugs and the point where they exit from the unit . When removing the cord from the power outlet ,remove it by holding the plug, not by pulling the cord
- 10-Unplug the unit during lightning storms or when unused for long periods of time.
- 11-When wiring this unit and all other equipment used in connection to this unit make sure that all of your equipment is turned OFF.

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
