Installation Instructions

Warning:

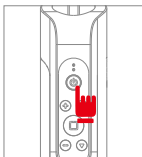

Please **ONLY** Extend and Fold the Cell Phone Clamp with the Pitch Up / Down buttons. Please **DO NOT** force the Cell Phone Clamp while your X-CAM T3 is powered off, as internal hardware damages may occur.

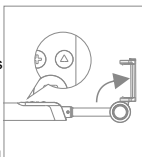

Adjust the Telescopic rod to desired length

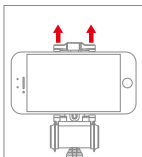

Press the T3's Power On Button

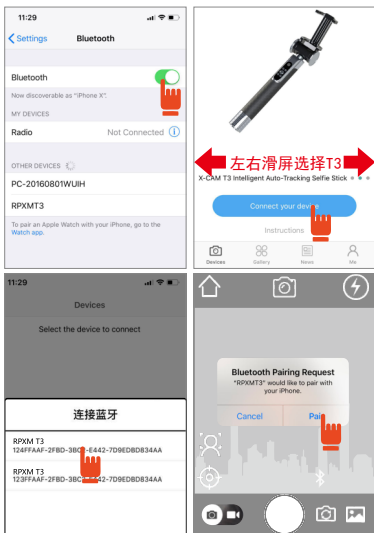

Use the Pitch Up / Down buttons to adjust the Cell Phone Clamp to your desired angle.

Open the Cell Phone Clamp and place your Phone securely onto the Clamp. Please make sure your phone is oriented correctly (the top of your phone should be facing left), otherwise the Face Detection and Tracking feature will not function correctly and adjust your phone camera to the reverse direction.

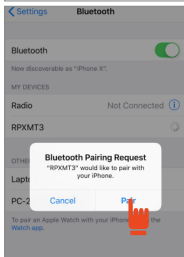

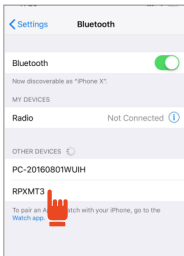

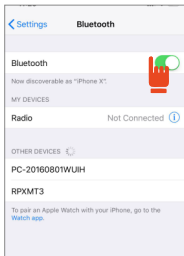

Our Recommended Bluetooth Pairing Procedure:

- 1) **TURN ON:** Go to your device's "Bluetooth Settings" and turn ON your device's Bluetooth.
- 2) **CONNECT:** Turn on the X-CAM VISION App, and select "T3" and connect to this device.
- 3) **SELECT:** If there is only one device nearby, your phone will connect to it automatically. If there are multiple devices nearby, you will need to find your device from a list of nearby devices. Please see the illustration.
- 4) **PAIRING:** Select your device and pair. If you see a solid blue light on your X-CAM, the device is successfully connected to your phone.

Default Bluetooth Connections only enable basic X-CAM functions.

In-APP Bluetooth Connections enables more functions on your X-CAM device. Please download our APP.

- 1) **TURN ON:** Go to your device's "Bluetooth Settings" and turn ON your device's Bluetooth.
- 2) **CONNECT:** Select T3 in your phone's Bluetooth Settings to connect.
- 3) **PAIRING:** Select your device and pair. If you see a solid blue light on your X-CAM, the device is successfully connected to your phone.
- 4) **START:** Turn on your phone camera. X-CAM will not interfere with any 3rd party photo filtering apps in this mode.
