

 55 Inch LCD Digital Signage	
Model No.	55LVF01
Rated Voltage	AC 100-240V
Rated Current	2.4-0.9A
Rated Frequency	50/60Hz
Max Power Consumption	240W
Manufacturer	Jiangsu Derthino Intelligent Technology Co., Ltd.,
Address No.	9F Building 23, Science& Technology Software Park, No. 100 Jinxi Rd, Binhui District, Wuxi, Jiangsu 214125, P.R. China
Importer

FCC ID: 2A117-55LVF01	
RoHS Made In China	

	<h2>Statement</h2>
<p>1. This device complies with part 15 of the FCC Rules. Operation is subject to the condition that this device does not cause harmful interference.</p>	
<p>2. This device is verified to comply with part 15 of the FCC Rules for use with cable television service.</p>	
<p>3. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:</p>	
<p>(1) This device may not cause harmful interference.</p>	
<p>(2) This device must accept any interference received, including interference that may cause undesired operation.</p>	
<p>4. Please note that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p>	
<p>5. This equipment complies with radio frequency exposure limits set forth by the FCC for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the device and the user or bystanders. This device must not be co-located or operating in conjunction with any other antenna or transmitter.</p>	
<p>6. This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.</p>
