Model : 55LVF01

Date : 2016/07/29

## 1. Package List

Please ensure that the package of 55" mirror screen advertising player is in good condition. Contact the supplier immediately if there is any damage on package or product.

- Machine
- Power Cable
- Instructions
- Remote Control
- Case Key

## 2. Specification Parameter

Size and Weight	Height×Width×Thickness : 1904×700×85mm Net Weight:80Kg
Display Screen	55" LG Industrial direct backlight LCD screen with extremely narrow edge Brightness:500cd/m <sup>2</sup> Resolution:1920*1080 Display Area:1209.6mm×680.4mm
Max Power Consumption	240W
Framework	Border:Aluminum alloy wire drawing frame Base Support:2.0mm SPCC Internal Structure:1.0SGCC Coating:Imported Antirust Painting Main panel:Imported mirrored Unidirectional perspective glass
Protective Glass	Imported mirrored Unidirectional perspective glass
Play System	Customized Broadcast control management software,1080P/4K
Industrial Control System	Android System Support functions such as Diskless start ,wake on LAN, power on by electricity ,WatchDog and so on"
Wireless Function	RTL8723BS,WIFI 2.4G 802.11b/gn BT4.0
Electrical System	Comply with IEC60950 safety standard .100~240V,50~60Hz input,timing on/off function
Audio System	10W stereo speaker×2
Working Environment	-10~45℃(Storage Temperature:-20~60℃)
Software Platform	Android

### 3. Function Introduction

- Convenient transportation ,easy installation

Customized configuration and installation solution .

Scientific package,convenient for transportation and installation.

- Easy and smart,plug and play

Receive media content from internet,support local files multi-mode play,  
and with PNP(plug-and-play) technology.

- Easy to connect the bluetooth and high-speed WIFI

Support LAN Internet channel,Wired,WIFI and Bluetooth access for easy connection.

Using high gain antenna, get strong signals, make wireless Internet is very smooth.

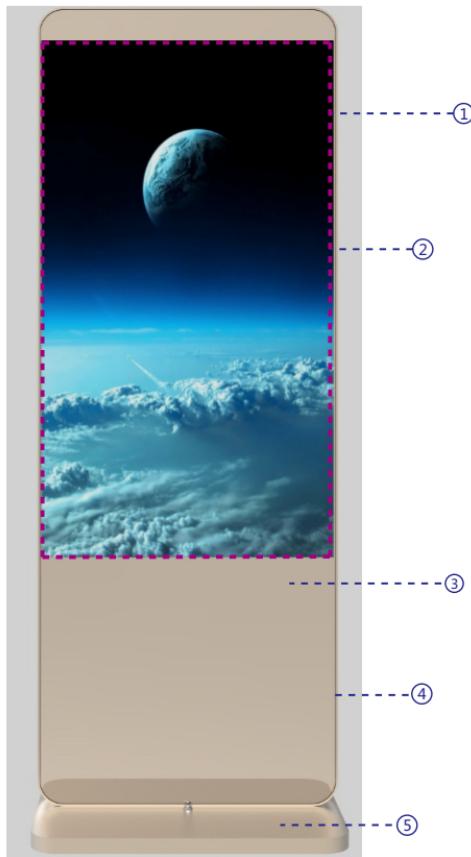

- Remote control,real-time monitoring

Centralized management,users can real-time monitor all terminals' operating parameters .

- Multi-area display and random selection

Support to play media contents such as video,images and texts in different areas,  
freely split screen for display, and display, and display, and display ads more accurately  
in diversified manners.

## 4、Front View Structure Description
