Cleaning Instructions:

Do not use any household or abrasive cleaners.

Water or a mild detergent is recommended.

Slightly dampen a cloth with water and wipe away any dirt or debris. Use a dry cloth to wipe excess water.

Do not get any water on the charging panel or in the USB-C port.

FCC Warning:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) this device

must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF exposure statement:

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.

Unrolling Instructions:

1. Unroll DeskShield Charge and place on a flat surface
2. You can slightly roll DeskShield Charge in the opposite direction to reduce the curl.
3. It may take some time for DeskShield Charge to full settle and flatten

Wireless Charging

1. Plug the included USB C cable into a suitable power source (at least 2A output)
2. Plug the USB C end of the cable into DeskShield Charge

3. Place your phone on the charging symbol on DeskShield Charge.

NOTE:

Generally, the wireless coil on many smartphones is directly in the center.

You may need to do some fine positioning to locate the optimum placement for charging.

Refer to your smartphone's website for proper wireless charging practises.
