Part 2.933(b) Change in Identification of Equipment

Verily Life Sciences LLC requests a change in identification of a currently certified device under Part 2.933(b).

The original equipment identification is FCC ID: SQG-LYRAS.

The original Grantee: Ezurio LLC, was granted original approval on February 10th, 2022, with a Class 2 Permissive change (to add antennas, data rates, and remove the SRD function) granted on April 20th, 2022.

The original test data filed by Ezurio LLC continues to be representative of the newly identified device.

This change in identification is requested for the newly identified device, FCC ID: 2AJ3K-LYRAS, which is physically and electrically identical as defined by Part 2.907, to the originally approved module.

Photographs as required under Part 2.933(5) and FCC ID label are submitted with this request.

Please let us know if you might require anything further to assist with your review of this
Change in Identification of Equipment.

Sincerely,

A handwritten signature in black ink, appearing to read 'Zita Netzel', with a large, sweeping flourish at the end.
