

# Model No: T28B69 User Manual

## 1. Power up T28B69

Put two AA batteries into your T28B69. Press and hold the center button for 3 seconds. When you see an orange light spin around the button, you're ready to set up.

## 2. Set up T28B69 in the app

Download the app on your computer or FireTV device and follow the on-screen instructions to set up your device. If you aren't prompted to set up your device after opening the app, tap the "+" icon on the top right of the screen to add a new game controller and follow the instructions.

Once setup is complete you can download the app on a compatible device and start playing games over Wi-Fi. You can switch between Wi-Fi and Bluetooth modes on T28B69 or connect via USB-C port to supported devices.

### Optional

**Connect via Bluetooth:** You can connect your T28B69 as a Bluetooth controller to supported devices. To make T28B69 discoverable via Bluetooth, turn it on and hold the action and b buttons for 3 seconds until you see a blinking blue light. The device is now discoverable via Bluetooth.

**Connect via USB-C:** You can also connect your T28B69 via USB-C port to supported devices. (USB-C cable sold separately)

Model No: T28B69

Electrical Rating: 5.25VDC MAX 1A

Operating Temperature Range: 0-35C

## ALKALINE BATTERY—FIRE TV REMOTE

### Batteries

This product contains [alkaline batteries]. The remotes for your Amazon Fire TV Devices require batteries for use. Only use new [1.5V alkaline] or [1.2 NiMH rechargeable AA-sized batteries]. Never mix old and new batteries. Keep all of the batteries out of the reach of children. Do not open, disassemble, puncture, cut, bend, shred or heat the batteries and do not allow metal objects to touch the battery terminals on the remote as they can become hot and cause burns. Remove all batteries if they are worn out or before storing your Amazon Fire TV remote for an extended period of time. Dispose of all batteries in accordance with applicable laws and regulations and do not dispose of batteries by throwing them into a fire. If any batteries begin to leak, take steps to prevent the fluid from coming into direct contact with skin or clothes as the fluid could be corrosive and may be toxic. Remove the batteries and clean the battery compartment in accordance with the battery manufacturer's recommendations.

## HEADPHONE SAFETY

AVOID PROLONGED LISTENING AT HIGH VOLUME. Prolonged listening of the player at high volume can damage the ear of the user. To prevent possible hearing damage, users should not listen at high volume levels for long periods.

## Small Parts

Small parts contained in your controller, such as the batteries, may present a choking hazard to small children.

## FCC Two Part Statement & EMI Advisory

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the rules for a Class B digital device, pursuant to part 15 of the FCC rules. These rules are designed to provide reasonable protection against harmful interference. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- (1) Reorient or relocate the receiving antenna.
- (2) Increase the separation between the equipment and receiver.
- (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- (4) Consult the manufacturer, dealer or an experienced radio/TV technician for help.

### **FCC RF Exposure Advisory**

The output power of the radio technology used in the Products is below the radio frequency exposure limits set by the FCC. Nevertheless, it is advised to use the Products in such a manner that minimizes the potential for human contact during normal operation.

This device should be installed and operated with at least 10mm between the device and your body.

### **CE Mark**

This device is restricted to indoor use only when operating in the 5150 to 5350 MHz frequency range in the following countries: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden and United Kingdom.

### **CE RED DoC**

Hereby, [Amazon.com](http://Amazon.com) Services LLC., declares that the radio equipment type T28B69 is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: [www.amazon.com/device\\_eu\\_compliance](http://www.amazon.com/device_eu_compliance).

### **Wireless Features**

“Wireless Features: Dual-Band Wi-Fi (2.4 GHz & 5GHz); BT; BLE

## **CE Wireless Transmit Power**

Maximum Radio Frequency Power:

Wi-Fi 2.4 GHz (2412–2472 MHz): 20 dBm

Wi-Fi 5 GHz B1 (5180–5240 MHz): 21 dBm

Wi-Fi 5 GHz B2 (5260–5320 MHz): 19 dBm

Wi-Fi 5 GHz B3 (5500–5700 MHz): 19 dBm

Wi-Fi 5 GHz B4 (5745–5825 MHz): 14 dBm

BT (2402–2480 MHz): 10 dBm

BLE (2402–2480 MHz): 8.5 dBm

Maximum SAR:

Body: 0.864 (W/kg); Limbs: 0.864 (W/kg)

## **ISED RSS-247**

The device for operation in the band 5150–5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

Le dispositif utilisé dans la bande 5150-5250 MHz est réservé à une utilisation en intérieur afin de réduire le risque de brouillage préjudiciable aux systèmes mobiles par satellite dans le même canal.

## **ISED RSS-102 RF Exposure Disclaimer**

Information Regarding Exposure to Radio Frequency Energy:

This equipment complies with IC RSS-102 RF exposure limits set forth for an uncontrolled environment.

Informations concernant l'exposition à l'énergie des radiofréquences:

Cet équipement est conforme aux limites d'exposition IC RSS-102 RF définies pour un environnement non contrôlé.

## **ICES-003**

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1) L'appareil ne doit pas produire de brouillage;

2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

CAN ICES-3(B)/NMB-3(B)

## 5GHz Product for Indoor Use Only

This device is restricted to indoor use only when operating in the 5150 to 5850 MHz frequency range.

5GHz 帯(W52, W53)は屋内利用に限る (高出力システムと通信する場合を除く)
