Charging Input: Micro USB	Playback Time: Approx. 4-5 Hours*
Freq. Response: 20Hz - 20KHz	Standby Time: Approx. 8 Hours
Earphone Capacity: 40mAh	*Depends on individual use

### FCC STATEMENT:

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

### FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure requirement.  
The device can be used in portable exposure condition without RF selection.

### Technical Support:

Please do not attempt to fix the product by yourself. If you are experiencing any problems with the product, please do not return it to the store you bought it from. You can contact our technical support representatives and they will assist you with any questions you might have. For assistance operating your product, please consult the User's Manual first, then feel free to contact Merkury Innovations technical support:

Made in China

Model: OH-341

Input: DC 5V

Capacity: 300mAh

FCC ID: 2AJ5Q-OH341

Made in China

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation

## PAIR & CONNECT WITH A NEW DEVICE

- AIRFLAIR will turn on automatically once it is removed from charging case. It will blink alternately red and blue indicating that it is in pairing mode.
- Open the Bluetooth® menu on your smartphone and search for new devices.
- When you see “Merkury E026T” listed, tap it to connect.
- Once connected with your device, there will be a BEEP.

## TOUCH CONTROL

- Tap the side of either earbud once to play or pause your music.
- Double tap the left earbud to return to the previous track. Double tap the right to skip to the next track.
- Tap either earbud three times to call back a phone number. You can tap either earbud once during a call to hang up.
- Touch and hold for 2-3 seconds to activate the Google or Siri function. Please note, holding for 5-8 seconds will power down the earbuds.

## PLAY & CALLS

- Connect your device to these earbuds via Bluetooth® (see “Pair & Connect with a New Device.”)
- Open your favorite music app and press play.
- All audio, including music, calls, games, videos, and notifications will be routed through the earbuds.

## CHARGING

### EARBUDS

- Checking the “R” and “L” indicators on the charging case, place the right and left earbuds into the corresponding slots so that the magnetic metal charging contacts line-up correctly.

- The LED indicators on the earbuds will glow red and the charging indicators on the case will glow blue. Your earbuds are now charging.

- Once your earbuds are fully charged the LED indicators will turn solid blue. After approximately 5 minutes the LED indicators will turn off.

### CASE

- When the case is charging, the led light will illuminate green. When charge is complete, all the lights will turn solid.

\* Note: the case can charge the earbuds while charging itself.

## RECONNECT TO YOUR DEVICE

- You only need to pair your Bluetooth® device with these earbuds once.
- With your device's Bluetooth® feature turned on and in range, power on the left & right earbuds.
- They will automatically connect to each other and to your smartphone.
- If you have a previously paired device that does not auto-reconnect, navigate to the Bluetooth® settings menu on your device and select “Merkury E026T” from the list of paired Bluetooth® devices.

## POWER ON/OFF

- NOTE:** Earbuds Turn On/Off automatically when removed from or returned to case.
- To power on manually, tap and hold for 5-8 seconds, the LED lights will begin to flash.
  - To power off manually, tap and hold the power buttons for 5-8 seconds.

### TRUE WIRELESS EARBUDS

- 1 Power On/Off
