

Declaration

We,

Name: Qingdao Richmat Intelligence Technology Inc

Address: NO.78 Kongquehe 4th Road, Qingdao Clothing Industry park, Jimo, Qingdao, Shandong Province, China

declare that **HJC9N-X-X-X-X-X-X-X-X-X-X** and **HJC18N-X-X-X-X-X-X-X-X-X-X** have the fully same BLE module.

The difference is the enclosure and the non-RF part in the PCB.

The features supported/represents are listed below.

Model: HJC9N - X - X - X - X - X - X - X - X - X										Model: HJC18N - X - X - X - X - X - X - X - X									
Number of drives										Number of drives									
1 Drives	1									1 Drives	1								
2 Drives	2									2 Drives	2								
3 Drives	3																		
4 Drives	4																		
Hall control										Hall control									
Not supported	0									Not supported	0								
Supported	1									Supported	1								
Peripheral - Vibratory massager										Peripherals - Light /USB									
Not supported	0									No light & No USB	0								
1 Vibratory massager	1									1 light & 1 USB	1								
2 Vibratory massagers	2																		
Peripherals - Light & USB										Current sampling and overcurrent protection									
Not supported	0									Not supported	0								
1*light & 1*USB	1									Supported	1								
MOS speed regulation										Device break detection									
Not supported	0									Not supported	0								
Supported	1									Supported	1								
Current sampling and overcurrent protection										Alarm clock function									
Not supported	0									Not supported	0								
Supported	1									Supported	1								
Device break detection																			
Not supported	0																		
Supported	1																		
Alarm clock function																			
Not supported	0																		
Supported	1
