

#### FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

#### FCC Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

#### Key Functions

	Press	Press and Hold
	<b>Play/Pause or Answer/End Call</b>	2 seconds> <b>Power On</b> 5 seconds> <b>Power Off</b>

#### Connecting Bluetooth®

**Step 1:** Place the *Bluetooth®* Speaker and your device no more than one meter apart.

**Step 2:** Consult your device's manual to activate its *Bluetooth®* function.

**Step 3:** To turn on the speaker, press and hold button for about 2 seconds.

**Step 4:** Using your device, select "Verbatim BT LED" on the *Bluetooth®* Device List. The Blue LED Indicator will stop blinking and the speaker and your device will now be paired.

**Power Off:** Press and hold button for 5 seconds.

#### Specifications

Speaker Output	5 Watts
Frequency Response	20Hz-20kHz
Operational Range	Up to 10 Meters
Continuous Speaker Output	Up to 15 Hours
Battery (Capacity)	Lithium Ion (4000mAh)
Charge Time	About 4 Hours
Light Output	1 Watt
Light Output Power	40 Lumens
Light Color	5500k-6500k
Continuous Light Output	Up to 20 Hours

#### Features and Benefits

- Adjustable LED light
- Convenient carrying handle
- IPX4 Rated (protected against splashing water for up to 5 minutes)
- Compatible with most *Bluetooth®* enabled devices
- USB Port to charge your devices
- Rechargeable Lithium Ion Battery
- Built-in microphone for hands free calling

**Verbatim**™

**Bluetooth®**

#### BLUETOOTH® SPEAKER

Model:E-22

#### Users Manual

This device has been tested in a controlled environment and certified to be water-resistant in specific situations (IPX4 classification described by the international standard IEC60529—Degrees of Protection Provided by enclosures). Despite this classification, this device is not impervious to water damage in any situation.

#### Maintaining Water Resistance

- Do not splash with water for more than 5 minutes. Ensure the back cover for the USB and audio jack is tightly closed when not in use.
- Do not open the back cover for the USB and audio jack with wet hands or when the device is wet.
