

<p style="text-align: center;">Solder Board-Component View 16</p>	 <p>A photograph showing a white PCB component with several solder joints. The component is placed on a blue textured surface. A black ruler with white markings is positioned below the component for scale. The ruler shows measurements in millimeters, with markings every 10 mm and sub-markings every 1 mm. The component is approximately 100 mm long and 10 mm wide. The solder joints are visible as small, rounded protrusions along the length of the component.</p>
<p style="text-align: center;">Solder Board-Component View 17</p>	 <p>A photograph showing a green PCB component with several solder joints. The component is placed on a blue textured surface. A black ruler with white markings is positioned below the component for scale. The ruler shows measurements in millimeters, with markings every 10 mm and sub-markings every 1 mm. The component is approximately 100 mm long and 10 mm wide. The solder joints are visible as small, rounded protrusions along the length of the component.</p>
