Attestation Letter

Dear Sir or Madam:

The chip WCN3990 installed in our product DPVR VR All-in-one Headset (model name: DPVR P1 PRO, FCC ID: 2AJPQ-P1PRO), which can support WIFI 2.4G and 5G functions. But for 5G WIFI ,this product only activates Band1(5150 - 5250MHz)/Band4(5725 - 5850MHz). For 2.4G WIFI, this product only activates 802.11b/g/n - HT20 mode.The other band and mode have been shielded by the manufactures using the software.

Please contact me if there is need for any additional clarification or information. Best Regards,

Sincerely Yours,

Signature:
