MOULTRIE	ALL IN ONE II FEEDER KIT	MFG-15100
-----------------	---------------------------------	------------------

Product Overview: The ALL IN ONE 30 LB HANGING FEEDER provides broadcast feed coverage for wildlife viewing or attracting game.

PARTS INCLUDED:

**ALL IN ONE 30 LB HANGING FEEDER
WITH INTEGRATED TIMER**

SAFETY INFORMATION:

- Always wear safety glasses when operating or testing the feeder.
- Step back 10 feet when running a test, to avoid injury.
- Set up feeder in an open, clear area, ensuring it is level and stable before use.
- Battery Tips: Use high-quality AA batteries. Don't mix old and new batteries. Handle carefully to prevent corrosion or leaks.

YOU WILL NEED:

4 OR 8 AA BATTERIES

INSTALLATION:

1

EXPAND THE FEEDER

- 1 Pull out all feeder sections until they are fully extended.
- 2 Ensure all interior tabs are properly aligned.

2

INSTALL THE LID

- 1 Align the lid tab openings with the handle.
- 2 Twist the lid to lock it securely into place.

3

HANG THE FEEDER

- 1 Use the handle to securely hang the feeder on a sturdy tree branch or similar support.

4

ACCESS THE BATTERY TRAY

- 1 Unscrew the cover to access the timer.
- 2 Press the **EJECT** button to release the battery tray.
- 3 Remove the battery tray from the feeder kit.

MOULTRIE

ALL IN ONE II FEEDER KIT

MFG-15100

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio

frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) L' appareil ne doit pas produire de brouillage;
- (2) L' appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d' en compromettre le fonctionnement.
