

MOULTRIE

ALL IN ONE II FEEDER KIT

MFP-80204

Product Overview: The ALL IN ONE II FEEDER KIT provides broadcast feed distribution for Moultrie feeders and custom feeder setups.

PARTS INCLUDED:

1/4-20 BOLTS (12)

1/4-20 NUTS (12)

1/4-20 LOCK WASHERS (12)

ALL IN ONE II FEEDER KIT

YOU WILL NEED:

PHILLIPS HEAD SCREWDRIVER | 4 OR 8 AA BATTERIES

SAFETY INFORMATION:

- Always wear safety glasses when operating or testing the feeder.
- Step back 10 feet when running a test, to avoid injury.
- Set up feeder in an open, clear area, ensuring it is level and stable before use.
- Battery Tips: Use high-quality AA batteries. Don't mix old and new batteries. Handle carefully to prevent corrosion or leaks.

INSTALLATION:

1

ACCESS THE BATTERY TRAY

1

Unscrew the cover to access the timer.

2

Press the **EJECT** button to release the battery tray.

3

Remove the battery tray from the feeder kit.

2

INSTALL THE BATTERIES

1

Insert 4 or 8 AA batteries into the battery tray. (4 batteries are required; use 8 batteries for extended operation.)

2

Ensure the batteries are installed with the correct polarity (+ and -) as marked on the tray.

Note: Batteries can be loaded into one or both sides of the tray.

3

PROGRAM THE TIMER

1

Set the timer clock to match your feeder's local time.

2

Program up to 4 feed times per day (7 days per week).

3

Set the feed duration for each feed time (1-20 seconds).

ALL IN ONE II FEEDER KIT

MFP-80204

Product Overview: The ALL IN ONE II FEEDER KIT provides broadcast feed distribution for Moultrie feeders and custom feeder setups.

INSTALLATION (CONTINUED):

4

REASSEMBLE THE FEEDER KIT

1

Reinsert the battery tray into the feeder kit. Align the tray tab with the **EJECT** button.

2

Press down firmly on the battery tray until it clicks into place.

3

Secure the cover back onto the feeder kit by screwing it into place.

5

INSTALL THE FEEDER KIT

1

Align the L-slots of the feeder kit with the barrel pegs.

2

Push and twist the feeder kit to lock it into position.

6

RUN A TEST

1

Unscrew the cover to access the timer.

2

Press the **TEST** button.

3

 A 10-second countdown will begin. After 10 seconds, spin plate will activate.

Note: The 10 second countdown will not start unless the battery tray is fully installed in the feeder kit.

ALL IN ONE II FEEDER KIT

MFP-80204

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) L' appareil ne doit pas produire de brouillage;

(2) L' appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d' en compromettre le fonctionnement.
